

TABLE OF CONTENTS

0.0 EXECUTIVE SUMMARY	1
1.0 INTRODUCTION	4
What is this report about?	4
<i>The study examines the market for professional indemnity cover for architects and engineers in 20 countries</i>	<i>4</i>
Rationale	4
<i>Worldwide, premiums for these markets were worth about USD 3.57 billion in 2015</i>	<i>4</i>
<i>... derived from a variety of enterprises and individuals operating in these fields</i>	<i>4</i>
Methodology	5
<i>The study includes the results of a survey covering over 350 professional associations</i>	<i>5</i>
Market data	5

2.0 GLOBAL OVERVIEW	10
Introduction	10
Number of insurable enterprises and individuals	11
<i>Insurable enterprises and individuals are most numerous in India, Brazil and Germany</i>	<i>11</i>
<i>... and in the engineering category, in which they are also growing most rapidly</i>	<i>12</i>
Market size and segmentation	14
<i>The global market was worth in the region of USD 3.57 billion in premiums in 2015</i>	<i>14</i>
<i>... which across the 20 countries in scope have been growing at a real compound annual rate of 2%</i>	<i>14</i>
<i>Engineering is the largest category followed in descending order by architecture, D&B and surveying</i>	<i>16</i>
<i>Most countries have experienced growth in both number of insurable enterprises and individuals</i>	<i>18</i>
<i>... and in premiums</i>	<i>18</i>
<i>In relative terms, the fields of architecture and engineering are most important in Belgium</i>	<i>21</i>
Affinity schemes with professional associations	23
<i>Programs for professional indemnity cover are most common in Germany, Italy and Sweden</i>	<i>23</i>
Market forecast	27
<i>In real terms, premiums are predicted to carry on growing up to 2019 in 17 of the 20 countries</i>	<i>27</i>
<i>... and across all categories</i>	<i>28</i>
Sector summaries	31
Architecture	31
D&B (Design & build)	33
Engineering	35
Surveying	37
3.0 AUSTRALIA	39
Introduction	39
Number, growth in number and segmentation of insurable enterprises	39
<i>Insurable entities in the engineering category substantially outnumber those in the other categories</i>	<i>39</i>
Market value, growth and segmentation	41
<i>The market value grew at a modest rate between 2011 and 2015</i>	<i>41</i>
<i>... which is partly a consequence of its relative maturity</i>	<i>41</i>

Underwriter market shares in professional indemnity insurance.....	43
<i>Australia features a fairly fragmented market for professional indemnity cover as a whole.....</i>	43
<i>Several underwriters are particularly strong in the fields of architecture and engineering.....</i>	44
Affinity schemes with professional associations.....	46
<i>A majority of schemes in this field have been set up with a single, external broker.....</i>	46
<i>... with Bovill Risk & Insurance Consultants and Coverforce having secured the most partnerships.....</i>	47
<i>QBE underwrites the scheme of the Australian Institute of Agricultural Science and Technology.....</i>	48
Market value forecast.....	48
<i>Premiums are predicted to have edged up modestly by 2019.....</i>	48
4.0 AUSTRIA.....	50
Introduction.....	50
Number, growth in number and segmentation of insurable enterprises.....	50
<i>There are around 23,600 entities eligible for this type of professional indemnity cover in Austria.....</i>	50
Market value, growth and segmentation.....	52
<i>The Austrian market for professional indemnity insurance for architects and engineers is a substantial one.....</i>	52
<i>... accounting for over 30% of the total market for professional indemnity cover.....</i>	52
<i>... which is partly a consequence of the fact that acquiring cover is compulsory in these fields.....</i>	53
Underwriter market shares in professional indemnity insurance.....	53
<i>Professional indemnity risks are generally underwritten by non-specialist insurers.....</i>	53
Affinity schemes with professional associations.....	55
<i>Comparatively few affinity programs have been established among professional associations in Austria.....</i>	55
Market value forecast.....	58
<i>Premiums are likely to grow at a uniform rate across all four categories.....</i>	58
5.0 BELGIUM.....	60
Introduction.....	60
Number, growth in number and segmentation of insurable enterprises.....	60
<i>Insurable entities in the engineering category make up just over 50% of the total number.....</i>	60
Market value, growth and segmentation.....	62
<i>The wider professional indemnity insurance market has outgrown that for architects and engineers.....</i>	62
Underwriter market shares in professional indemnity insurance.....	63
<i>Both specialist and generalist insurers feature in the professional indemnity insurance market.....</i>	63
<i>... with the former including AR-CO, Euromaf and Protect.....</i>	64
Affinity schemes with professional associations.....	67
<i>All schemes identified have been set up directly with an external underwriter.....</i>	67
<i>... with Protect having secured the most partnerships in this context.....</i>	67
Market value forecast.....	68
<i>Moderate growth in premiums is likely to continue up to 2019.....</i>	68
6.0 BRAZIL.....	70
Introduction.....	70
Number, growth in number and segmentation of insurable enterprises.....	70
<i>A troubled economy has brought about a slightly decline in the number of insurable entities in Brazil.....</i>	70
Market value, growth and segmentation.....	72
<i>... although rising take-up rates (from a very low level) have caused the insurance market to increase.....</i>	72
Underwriter market shares in professional indemnity insurance.....	73
<i>ACE, AIG and Zurich are likely to be market leaders in the fields of architecture and engineering.....</i>	73
Affinity schemes with professional associations.....	76
<i>The Associação Brasileira de Engenharia e Consultoria Estrutural is unique in having established a scheme.....</i>	76
Market value forecast.....	78
<i>A lack of compulsion is one factor that will limit growth in premiums up to 2019.....</i>	78
7.0 CANADA.....	80
Introduction.....	80
Number, growth in number and segmentation of insurable enterprises.....	80

<i>The number of insurable entities in the engineering category has been growing most rapidly</i>	80
Market value, growth and segmentation	82
<i>... which is reflected in the superior growth in premiums experienced by this category in recent years</i>	82
Underwriter market shares in professional indemnity insurance	83
<i>A significant proportion of the market value is likely to be underwritten at Lloyd's of London</i>	83
Affinity schemes with professional associations	86
<i>Several affinity schemes are in evidence</i>	86
<i>... and three of these are underwritten by Encon</i>	88
Market value forecast	88
<i>The surveying category, which is also the smallest, is likely to record the weakest premium growth</i>	88
8.0 FRANCE	90
Introduction	90
Number, growth in number and segmentation of insurable enterprises	90
<i>The number of insurable entities in France reached over 80,000 for the first time in 2015</i>	90
Market value, growth and segmentation	92
<i>Premiums in the D&B category rose most quickly between 2011 and 2015</i>	92
<i>... and they have been rising generally as a consequence of an increasingly litigious culture in France</i>	93
Underwriter market shares in professional indemnity insurance	93
<i>MAF and SMA are the main specialists in the fields of architecture and engineering</i>	93
Affinity schemes with professional associations	96
<i>Several associations have established a scheme for professional indemnity insurance</i>	96
<i>... with Gras Savoye and SIACI Saint Honoré responsible for two of these</i>	97
<i>... and with Allianz and GMF used as underwriters in one case each</i>	98
Market value forecast	98
<i>Premiums in the D&B category are likely to continue outgrowing those in other categories</i>	98
9.0 GERMANY	100
Introduction	100
Number, growth in number and segmentation of insurable enterprises	100
<i>Just over a half of all insurable entities come from the engineering category</i>	100
Market value, growth and segmentation	102
<i>... although this category generates substantially less than 50% of premiums</i>	102
Underwriter market shares in professional indemnity insurance	103
<i>Allianz, AXA, Gothaer, HDI, R&V and VHV are leaders in the fields of architecture and engineering</i>	103
Affinity schemes with professional associations	106
<i>At least 25 schemes for professional indemnity insurance have been set up by relevant associations</i>	106
<i>... with Aon subsidiary UNITA responsible for broking the highest number of these</i>	106
<i>Where identifiable, HDI and VHV are used most frequently as underwriters of these schemes</i>	107
Market value forecast	108
<i>Premiums are predicted to rise at a nominal compound annual rate of 2% up to 2019</i>	108
10.0 INDIA	110
Introduction	110
Number, growth in number and segmentation of insurable enterprises	110
<i>Insurable entities in the engineering category make up more than 85% of the total</i>	110
Market value, growth and segmentation	112
<i>... but architecture is the largest category in terms of the value of premiums generated</i>	112
<i>Take-up rates for professional indemnity insurance are generally very low</i>	113
Underwriter market shares in professional indemnity insurance	113
<i>New India Assurance is the probable market leader</i>	113
Affinity schemes with professional associations	116
<i>Among those in scope, no professional associations have yet created schemes for this type of cover</i>	116
Market value forecast	116
<i>Unless buying cover becomes obligatory, the market value will remain comparatively low</i>	116

11.0 IRELAND	118
Introduction	118
Number, growth in number and segmentation of insurable enterprises	118
<i>The number of insurable entities in Ireland has moved up at a moderate rate in recent years</i>	118
Market value, growth and segmentation.....	120
... <i>and this trend has also flowed through to premiums in the professional indemnity insurance market</i>	120
Underwriter market shares in professional indemnity insurance.....	121
<i>Ireland's market for professional indemnity insurance is a relatively fragmented one</i>	121
Affinity schemes with professional associations.....	124
<i>All schemes identified are intermediated by a broker</i>	124
... <i>with Griffiths & Armour and Marsh each laying claim to two partnerships in this arena</i>	124
Market value forecast.....	125
<i>Premiums in the D&B category are likely to expand most rapidly up to 2019</i>	125
12.0 ITALY	127
Introduction	127
Number, growth in number and segmentation of insurable enterprises	127
<i>There are over 200,000 insurable entities in these categories in Italy</i>	127
Market value, growth and segmentation.....	129
... <i>and they generate a sizeable market for professional indemnity cover</i>	129
... <i>albeit a fairly low percentage of total professional indemnity insurance premiums</i>	129
<i>Take-up rates have risen sharply in certain categories as a result of regulatory changes</i>	130
... <i>and the architecture, D&B and engineering categories are among those most affected</i>	130
Underwriter market shares in professional indemnity insurance.....	131
<i>A significant proportion of the market is dealt with by underwriters at Lloyd's of London</i>	131
... <i>with AIG, Generali, Unipol and Zurich also believed to be strong in these segments</i>	131
Affinity schemes with professional associations.....	134
<i>Over a half of relevant professional associations have set up a scheme for professional indemnity cover</i>	134
... <i>with AEC Master Broker having secured the most partnerships among brokers</i>	135
<i>The prominence of Lloyd's of London is confirmed by its share of scheme partnerships</i>	135
Market value forecast.....	136
<i>Premiums in the surveying category are forecast to advance most quickly through to 2019</i>	136
13.0 JAPAN	138
Introduction	138
Number, growth in number and segmentation of insurable enterprises	138
<i>Enterprises in the D&B category are relatively numerous in Japan</i>	138
Market value, growth and segmentation.....	140
... <i>causing this category to generate the highest share of premiums</i>	140
<i>A fairly low propensity for litigation means that the Japanese market is a comparatively small one</i>	140
Underwriter market shares in professional indemnity insurance.....	142
<i>The market is dominated by three substantial underwriters</i>	142
Affinity schemes with professional associations.....	145
<i>Several of the associations researched have an affinity scheme for professional indemnity cover</i>	145
... <i>with three of these having been created in association with intermediaries</i>	146
... <i>and with five underwriters laying claim to involvement in at least one scheme each</i>	147
Market value forecast.....	148
<i>Premiums are expected to increase most rapidly in the largest category, namely that of D&B</i>	148
14.0 MEXICO	150
Introduction	150
Number, growth in number and segmentation of insurable enterprises	150
<i>Relative to its size, the number of insurable enterprises and individuals in Mexico is not high</i>	150
Market value, growth and segmentation.....	152
... <i>which is one reason for the small size of the related market for professional indemnity cover</i>	152
... <i>another being the low take-up rates and average premiums for this type of insurance</i>	153

Underwriter market shares in professional indemnity insurance.....	153
<i>AIG, Chubb, GMX and Zurich are the likely market leaders.....</i>	153
Affinity schemes with professional associations.....	156
<i>The Colegio de Ingenieros Civiles de México has established an affinity program for this type of cover.....</i>	156
... which is brokered by MHG Seguros.....	157
... and underwritten by two insurers.....	158
Market value forecast.....	158
<i>The Mexican market for this type of professional liability cover is likely to remain a very small one.....</i>	158
15.0 NETHERLANDS.....	160
Introduction.....	160
Number, growth in number and segmentation of insurable enterprises.....	160
<i>More than two thirds of enterprises in this sector hail from the engineering category.....</i>	160
Market value, growth and segmentation.....	162
<i>Premiums in the architecture category increased most rapidly between 2011 and 2015.....</i>	162
<i>These professions account for around 17.7% of the total Dutch professional indemnity insurance market.....</i>	162
<i>Architects belonging to the main professional association have to acquire appropriate insurance cover.....</i>	163
Underwriter market shares in professional indemnity insurance.....	163
<i>Amlin, Liberty Mutual, Markel and Nationale-Nederlanden are the probable market leaders.....</i>	163
Affinity schemes with professional associations.....	166
<i>All schemes identified have been created in conjunction with an external broker.....</i>	166
... with Aon, SAA Verzekeringen and Vanbreda prominent in this context.....	166
Market value forecast.....	167
<i>The engineering category will continue to account for over a half of the total market value by 2019.....</i>	167
16.0 POLAND.....	169
Introduction.....	169
Number, growth in number and segmentation of insurable enterprises.....	169
<i>Insurable enterprises and individuals in the D&B category are especially numerous in Poland.....</i>	169
Market value, growth and segmentation.....	171
... causing them to generate the lion's share of the market value across the four categories in scope.....	171
<i>Both claims frequency and average claims size in Poland are believed to be comparatively low.....</i>	172
Underwriter market shares in professional indemnity insurance.....	172
<i>PZU is the likely market leader for professional indemnity cover both overall and for these activities.....</i>	172
Affinity schemes with professional associations.....	175
<i>A minority of relevant associations have set up a program for professional indemnity insurance.....</i>	175
... with a broker (SAGA) involved in just one of these.....	176
... and with the others dealt with directly by underwriters.....	177
Market value forecast.....	177
<i>Comparatively rapid growth in premiums is forecast up to 2019.....</i>	177
17.0 SOUTH AFRICA.....	179
Introduction.....	179
Number, growth in number and segmentation of insurable enterprises.....	179
<i>The number of insurable entities expanded by around 2,000 between 2011 and 2015.....</i>	179
Market value, growth and segmentation.....	181
<i>High inflation in South Africa is one factor that has propelled rapid growth in premiums.....</i>	181
Underwriter market shares in professional indemnity insurance.....	182
<i>Several underwriters are particularly strong in the fields of architecture and engineering.....</i>	182
... including AC&E Underwriting Managers, AIG, Chubb, Hiscox, Mutual & Federal and SHA.....	182
Affinity schemes with professional associations.....	185
<i>Four associations among those investigated have an affinity scheme for professional indemnity cover.....</i>	185
... with PI Financial Risk Services having set up all of these.....	186
Policies generated by these schemes are underwritten by two insurers.....	187
Market value forecast.....	187
<i>The architecture and surveying categories are likely to produce the most rapid increase in premiums.....</i>	187

18.0 SPAIN	189
Introduction	189
Number, growth in number and segmentation of insurable enterprises	189
<i>The number of insurable entities in Spain fell by over 7,000 between 2011 and 2015</i>	189
Market value, growth and segmentation	191
<i>... which was an important factor causing a decline in professional indemnity insurance premiums</i>	191
<i>... although the four categories in scope still account for over 30% of the total Spanish market</i>	191
<i>Professional indemnity policies in Spain often provide for relatively low insured sums</i>	192
Underwriter market shares in professional indemnity insurance	192
<i>Underwriters of professional risks in these areas include both specialised and generalist firms</i>	192
<i>... including Euromaf and Mútua dels Enginyers in the former category</i>	193
Affinity schemes with professional associations	195
<i>The vast majority of affinity programs have been established in conjunction with an external broker</i>	195
<i>... with Adartia responsible for the highest number of these</i>	196
<i>AMIC Seguros Generales, MAPFRE and Musaat each underwrite at least one scheme</i>	196
Market value forecast	197
<i>The market value is expected to have edged up by 2019</i>	197
19.0 SWEDEN	199
Introduction	199
Number, growth in number and segmentation of insurable enterprises	199
<i>The number of insurable entities rose by around 1,500 between 2011 and 2015</i>	199
Market value, growth and segmentation	201
<i>... which has helped to cause a gentle rise in the value of the related insurance market</i>	201
Underwriter market shares in professional indemnity insurance	202
<i>Likely market leaders include AIG, Folksam, If, Länsförsäkringar and Moderna</i>	202
Affinity schemes with professional associations	205
<i>80% of professional associations researched have set up an affinity program</i>	205
<i>... and these are spread around a range of brokers, most notably Willis</i>	206
<i>... plus at least five different underwriters</i>	206
Market value forecast	207
<i>The Swedish market will carry on growing but is likely to remain a relatively small one</i>	207
20.0 SWITZERLAND	209
Introduction	209
Number, growth in number and segmentation of insurable enterprises	209
<i>There are around 26,800 entities eligible for the types of cover in scope in Switzerland</i>	209
Market value, growth and segmentation	211
<i>Professional indemnity insurance for architects and engineers adds up to a sizeable market</i>	211
<i>... representing over a quarter of the total Swiss professional indemnity insurance sector</i>	211
<i>Swiss architects often face exposure to civil engineering risks</i>	212
Underwriter market shares in professional indemnity insurance	212
<i>Allianz and AXA are the probable market leaders, followed by Zurich</i>	212
Affinity schemes with professional associations	215
<i>Affinity programs for professional indemnity cover have been created by three associations</i>	215
<i>... two of which involve brokers</i>	216
<i>... with the other having been set up directly with Zurich</i>	217
Market value forecast	217
<i>Premiums in the engineering category are expected to advance most quickly up to 2019</i>	217
21.0 UK	219
Introduction	219
Number, growth in number and segmentation of insurable enterprises	219
<i>Over two thirds of the total number of insurable entities are drawn from the engineering category</i>	219
Market value, growth and segmentation	221
<i>... although the category of architecture generates the highest value of insurance premiums</i>	221

PROFESSIONAL INDEMNITY INSURANCE FOR ARCHITECTS AND ENGINEERS: A WORLDWIDE REVIEW

Underwriter market shares in professional indemnity insurance.....	223
<i>The UK market is a fragmented and competitive one which is one factor that limits growth in premiums</i>	<i>223</i>
Affinity schemes with professional associations.....	226
<i>Typically, affinity programs are set up in conjunction with one or more external brokers.....</i>	<i>226</i>
<i>... with Arthur J. Gallagher, Howden and Marsh most prominent in this context.....</i>	<i>226</i>
<i>Aviva is used as underwriter for the program of the Surface Engineering Association</i>	<i>228</i>
Market value forecast.....	228
<i>The UK market is unlikely to deliver much growth in premiums between 2015 and 2019.....</i>	<i>228</i>
22.0 US	230
Introduction	230
Number, growth in number and segmentation of insurable enterprises	230
<i>Insurable entities in the US are skewed towards larger enterprises rather than individual professionals.....</i>	<i>230</i>
Market value, growth and segmentation.....	232
<i>Premiums for professional liability cover for these activities have outperformed the wider market.....</i>	<i>232</i>
<i>... as a result of weak growth in the market for medical malpractice cover</i>	<i>232</i>
<i>Architects and engineers may be obliged to take out professional liability cover for certain projects</i>	<i>234</i>
Underwriter market shares in professional indemnity insurance.....	234
<i>Even the leader is unlikely to command a share of premiums of more than 7% in the total market.....</i>	<i>234</i>
<i>... with those outside of the top 15 together accounting for up to 65.5% of it</i>	<i>235</i>
Affinity schemes with professional associations.....	237
<i>An affinity program for professional liability cover has been put in place by several associations</i>	<i>237</i>
<i>No broker holds more than one scheme partnership at a nationwide level</i>	<i>238</i>
Market value forecast.....	239
<i>Premiums in this market are on track to be worth around USD 745 million by 2019.....</i>	<i>239</i>
