AUTOMOTIVE FINANCIAL SERVICES IN EASTERN AND SOUTH-EASTERN EUROPE

Provision of finance and leasing services is fundamental to the profitability of dealerships.....	28
Dealers are most likely to work with a high number of finance providers in Russia and Ukraine	29
The average number of finance providers used by Turkish dealers has almost tripled	30
Captive finance providers exert the greatest control over dealerships in Slovenia.....	31
... although across the region as a whole their influence on dealers is relatively weak	31
Average customer take-up rates at the point of sale are highest for new cars in Bulgaria.....	34
Russian dealerships appear to have approved their effectiveness as financial intermediaries	35
Leasing accounts for more than 50% of all car finance deals for consumers in four countries	36
Over a half of manufacturer brands possess their own finance / leasing services in six countries....	37
Market size and growth	38
In terms of the overall number of credit agreements, Russia's market is the region's largest... ..	38
... a status that it retains comfortably if point-of-sale finance is considered in isolation.....	38
... and it accounts for over 45% of the region's total market worth €24.78 billion in value terms	41
Private car finance in the region adds up to a market growing at an average annual rate of 35.8%.43	43
The increasing availability of point-of-sale and direct credit reduces the share of cash only sales ..	45
Total point-of-sale finance and leasing possessed a value of over €16 billion in 2006	46
For sales of new cars, point-of-sale finance is outpacing credit advanced by direct lenders	47
Across the whole region, point-of-sale finance for new cars is almost triple that of direct lending....	48
The share of dealerships in finance provided for used car sales increases to 11.9% in 2006.....	49
...with point-of-sale gross advances and assets leased amounting to €3.0 billion.....	50
Motor insurance.....	51
Over 80% of dealers interviewed offer motor insurance in all territories other than Slovenia	51
On average, Russian dealerships liaise with over eight underwriters each for motor insurance.....	52
Adherence to captive motor ins. propositions is most prevalent only in Greece and Romania	53
Average take-up rates for new cars for the region as a whole are in excess of 70%.....	55
... mainly as a consequence of automatic integration within finance and leasing packages.....	55
Slovenia appears to be the region's least promising market for dealer-intermediated motor pols. ...	57
Enthusiasm for branded or endorsed motor insurance varies widely from country to country	59
Dealer-intermediated motor insurance accounts for a significant percentage of the regional total...60	60
... with the Russian market alone likely to be worth almost €1 billion in gross written premiums.....	60
Creditor insurance.....	62
Automotive financial services embrace creditor insurance only in three of the eight countries.....	62
... and in Russia, the penetration rate is indicative of awareness rather than active intermediation.62	62
Turkey achieves by far the most impressive average take-up rates for creditor insurance.....	64
... a performance that is also visible in the overall cross-selling rates for the same product	65
Where present, a majority of schemes for creditor insurance are organised on an indirect basis....68	68
Direct lenders account for the majority of creditor insurance sold in conjunction with car finance...69	69
... with only Turkish dealerships having built up much of a position as intermediaries in this area...69	69
Extended warranties	71
On average, over a third of dealers in the region are active in extended warranty sales	71
The average number of warranty providers used in Croatia is high relative to other countries	72
Only in Romania is there no evidence for the establishment of non-captive warranty schemes.....	73
Average take-up rates for extended warranties are strongest in Greece and Turkey... ..	75
... although overall take-up rates are lower as a result of the limited penetration among dealers....77	77
Only in Turkey have as many as a half of the brands reviewed established warranty programs	79
A reasonably sizeable market for extended warranties is developing in four of the eight countries.80	80
GAP insurance	82
A number of factors point to the future introduction to the region of GAP cover	82
Road assistance	83
Few manufacturer brands have yet set up formal road assist. services in Russia and Ukraine.....	83
Eastern and South-Eastern Europe is populated by both international and local competitors... ..	85
... with the latter category including SBA, ELPA, Romanian International Assistance and IKS	85
Manufacturers' captive finance operations.....	88
Financial services constitute a crucial source of profitability to major automotive groups... ..	88
