<i>Card protection insurance.....</i>	<i>7</i>
<i>European market, partnership and bancassurance research</i>	<i>8</i>
2.0 SURVEY ANALYSIS.....	10
Introduction.....	10
Percentage of respondents possessing any kind of payment card.....	12
<i>Most consumers carry both a debit card and a credit card</i>	<i>12</i>
Percentage of cardholders in possession of card protection insurance	14
<i>There remains considerable scope to increase insurance penetration in the UK</i>	<i>14</i>
<i>Propensity to hold paid-for card protection insurance does not vary greatly by demographic group.....</i>	<i>15</i>
Attitudes towards card protection insurance of cardholders without cover	16
<i>Most cardholders lacking card protection insurance seem unconvinced of its value</i>	<i>16</i>
Risks covered by card protection insurance	17
<i>Insured cardholders seem commonly aware of only two benefits beyond anti-fraud protection</i>	<i>17</i>
Distribution interfaces used for paid-for card protection insurance.....	20
<i>Face-to-face distribution is the least important interface in the UK, while postal sales are joint first</i>	<i>20</i>
Point in time chosen to acquire paid-for card protection insurance.....	21
<i>Most card protection insurance is sold after the card itself has been acquired</i>	<i>21</i>
<i>Card protection insurance is not often sold alongside a card when using remote interfaces</i>	<i>22</i>
Distribution channels used for paid-for card protection insurance	23
<i>Credit card issuers outsell debit card issuers for card protection insurance</i>	<i>23</i>
Attitudes towards insurance of cardholders with paid-for cover	24
<i>The UK registers the highest level of dissatisfaction with card protection insurance</i>	<i>24</i>
<i>Wealthier consumers are less convinced that card protection insurance offers value for money.....</i>	<i>25</i>
3.0 APPENDIX	27
Research sample.....	27
<i>The research embraces a total of 1,005 respondents in the UK.....</i>	<i>27</i>
Research structure	30
