... although French travel abroad has declined every year since 2004 .....	16

Residents of Southern and Western Europe prefer to go outside Europe than to non-EU Europe ..	24
<b>Travel insurance and assistance</b> .....	<b>26</b>

... while sales of annual policies more than compensated for a fall in single trip policies.....	26
The Dutch travel insurance market far exceeds its ranking by population... ..	28
... while the holiday booms of Ireland and Spain made them the outstanding markets by growth ..	29
Use of annual policies varies widely by country, according to frequency of travel.....	31
<i>Market metrics</i> .....	33
Premiums per capita are below €3 for the four Southern countries in this region .....	33
Portugal has the highest number of insurance policies per trip .....	35
... while the Netherlands and the UK lead for premiums per trip.....	35
