... although the longer term prospects for this strategy in the Americas are still encouraging.....	6
Underlying payment card markets are growing rapidly in a number of countries in Latin America	7
Store cards can be internationalized and loyalty cards can be converted into payment cards.....	7
Retailers partnerships represent an important strategic option for banking and insurance entities.....	7
1.0 INTRODUCTION	9
Rationale	10
Retailer financial services can be broken down between 'traditional' and 'non-traditional' services..	10
Retailers can take advantage of changes in consumer finance and payment card markets.....	10
Consolidation among conventional banks provides justification for the entry of retailer banks.....	10
The evolution of the retailing market itself is also favourable to the integration of financial services..	11
Methodology	11
Finaccord's research covers 1,195 major retail brands across North and Latin America	11
Product definitions	13
Coverage of payment cards includes credit, deferred debit, debit and rechargeable pre-paid cards	13
Proprietary and coalition loyalty programs are present in a variety of different formats	13
The involvement of retail chains in the distribution of consumer credit is also considered... ..	13
... as is their activity as distributors of mainstream consumer insurance products.....	13
