<i>Five countries see mortgage balances expand at a compound annual rate in excess of 15% .....</i>	18
<i>... with the same countries experiencing similar progress in non-mortgage consumer credit outstanding .....</i>	20
<i>Consumer lending markets in the region can be grouped into three main categories .....</i>	22
<i>Switzerland's huge mortgage market makes it the region's largest in per capita terms .....</i>	25
<i>... although mortgage balances per capita remain below EUR 3,000 in five of the countries analysed.....</i>	27
<i>Consumer non-mortgage balances per capita in Norway are over 50% higher than in any other country .....</i>	29
<i>Non-mortgage credit decreases as a proportion of total consumer lending in all but one country.....</i>	31
<i>Turkey accounts for over one third of the region's total credit and other pay later cards in circulation... ..</i>	33
<i>... although Russia's market has grown most rapidly in recent years .....</i>	35
<i>In per capita terms, the credit card markets of Norway and Sweden are the region's most developed .....</i>	36
Creditor insurance provision rates, operating models and partnerships.....	38
Creditor insurance linked to mortgages .....	38
<i>In ten out of 12 countries, over 90% of mortgage lenders researched have a scheme for creditor insurance.....</i>	38
<i>Use of a single, external underwriter constitutes the most regularly used operating model.....</i>	39
<i>... albeit captive underwriters are present in all 12 countries and joint ventures in six.....</i>	39
<i>When analysed on a weighted basis, the use of captive underwriters is more prominent.....</i>	42
<i>When analysed at a group level, the leading eight provider groups account for almost a half of this market.....</i>	45
<i>... with Talanx likely to be the regional leader thanks to partnerships in its native Germany .....</i>	45
Creditor insurance linked to consumer finance .....	47
<i>In all but one country, creditor insurance is promoted by more than 50% of firms offering consumer finance.....</i>	47
<i>Captive and joint venture underwriters are slightly less prevalent in loan payment protection insurance.....</i>	48

## CREDITOR INSURANCE IN NORTHERN, CENTRAL AND EASTERN EUROPE
