2.0 EUROPEAN OVERVIEW	14
Introduction.....	14
Market analysis – investment-related life insurance and retirement savings.....	15
<i>Contributions to retirement savings policies are gaining ground on investment-related life insurance.....</i>	<i>15</i>
<i>Compound annual growth rates exceeded 10% in five countries between 2006 and 2010.....</i>	<i>16</i>
<i>Finland has the highest level of savings per capita, using these types of policy.....</i>	<i>17</i>
Market analysis – investment-related life insurance.....	19
<i>Over EUR 360 billion were paid into investment-related life insurance policies in 2010.....</i>	<i>19</i>
<i>This market tends to be largest where retirement savings vehicles are under-developed.....</i>	<i>20</i>
Market analysis – retirement savings.....	22
<i>Retirement savings policies attracted EUR 275 billion of premiums and equivalent revenue in 2010.....</i>	<i>22</i>
<i>The UK market makes up nearly 40% of the European total... ..</i>	<i>22</i>
<i>...though three other countries recorded higher premiums per capita in 2010.....</i>	<i>23</i>
<i>The value of contributions in six developing markets doubled between 2006 and 2010.....</i>	<i>23</i>
Bancassurance analysis	26
Provision rates and operating models for investment-related life insurance	26
<i>The provision rate for investment-related life insurance through banks is highest in Spain.....</i>	<i>26</i>
<i>Use of a single, external product provider constitutes the most regularly used operating model.....</i>	<i>26</i>
<i>...though captives are preferred in several countries.....</i>	<i>26</i>
<i>Financial advice can be provided without needing multiple insurance partners.....</i>	<i>26</i>
<i>The captive model is most common on a weighted basis... ..</i>	<i>30</i>
<i>... simply because larger institutions are more likely to have established captive insurance providers.....</i>	<i>30</i>
Provision rates and operating models for retirement savings	33

<i>The average provision rate for retirement savings is higher than that for investment-related life insurance</i>	33
<i>As with investment-related life insurance, single external product providers are used most often</i>	33
<i>Captive providers are again more prominent on a weighted basis</i>	37
Distribution share of bancassurance for investment-related life and retirement savings.....	40
<i>Finaccord's analysis illustrates the influence of bancassurance on a standardised basis</i>	40
<i>The bancassurance channel accounts for more than 80% of business in two countries</i>	40
<i>...but less than 20% in five others</i>	40
Pan-European bancassurance groups.....	42
<i>Six of the eight leading bancassurance groups in Europe for these product classes originate from France</i>	42
<i>The weakness of bancassurance as a channel in the UK means that UK-only providers miss the top tier</i>	42
<i>The strength of CNP Assurances in France is boosted by its joint ventures in Italy, Portugal and Spain</i>	42
3.0 AUSTRIA	44
Banks and other lending institutions covered	44
Introduction to the banking sector	44
<i>The banking system can be divided according to how banks operate at the national, regional and local level</i>	44

4.0 BELGIUM	53
Banks and other lending institutions covered	53
Introduction to the banking sector	53
<i>Structurally, Belgium's banking and insurance sectors are very closely linked</i>	53
<i>Dexia's banking and insurance operations were nationalised in October 2011</i>	53
Insurance market size and growth	54
<i>Falling sales of individual unit-linked policies and capitalisation bonds cause the overall market to stagnate</i>	54
Distribution share of banks	55
<i>Banks are dominant in individual life insurance, especially for single premium contracts</i>	55
Bancassurance provision rates, operating models and partnerships	56
<i>Investment-related life insurance</i>	56
<i>All of Belgium's mainstream retail banks offer investment-related life insurance</i>	56
<i>...and around half of those do so in conjunction with a captive or joint venture provider</i>	56
<i>The leading providers of investment-related life insurance include AG Insurance and ING</i>	56
<i>...and AXA operates with a number of external banking partners as well as with AXA Bank itself</i>	56
<i>Many providers are active in this area, but several are limited to having just one distributor bank</i>	57
<i>Retirement savings</i>	59
<i>The provision of retirement savings is virtually identical to that of investment-related life cover</i>	59
<i>...although three banks make use of different insurance providers for this type of cover</i>	59
<i>...and Crédit Mutuel subsidiary BKCP partners with a mix of captive and external underwriters</i>	59
Performance of key bancassurance underwriters.....	61
<i>On a combined basis, the market share in total life insurance of key Belgian bancassurers has plateaued</i>	61

5.0 CZECH REPUBLIC	62
Banks and other lending institutions covered	62
Introduction to the banking sector	62
