2.0 REGIONAL OVERVIEW	20
Introduction	20
Passenger vehicle data	21
Germany's car parc accounts for over 55% of the total for Northern and Central Europe.....	21
Denmark and Norway belie their status as mature mkts. to deliver rapid growth in new car sales ...	22
The boom in nearly new and used car imports into Poland bolsters growth in sales of used cars....	23
Local preferences for passenger cars vary significantly from country to country.....	24
Motor dealer data.....	25
The number of franchised dealers. sales outlets falls in seven out of the ten countries reviewed....	25
Sales volume per outlet remains very low in Switzerland in spite of a reduction in dealer numbers.	27

AUTOMOTIVE FINANCIAL SERVICES IN NORTHERN AND CENTRAL EUROPE

Finance / leasing	28
<i>Survey results</i>	28
Dealer penetration rates for finance and leasing dip below 100% only in Denmark and Switz.	28
Hungarian and Polish dealerships maintain the most relationships for finance and leasing.	29
... although the average number has fallen back in both the Czech Republic and Slovakia.....	30
Almost a half of dealers interviewed collaborate with both captive and non-captive providers.....	31
Average customer take-up rates at the point of sale exceed 50% for new cars in six countries	33
... although the effectiveness of dealers. as distributors appears to be declining in most cases	35
Over one third of the market for private car finance is attributable to leasing-based contracts.....	36
Finance and leasing is offered by most manufacturers across Northern and Central Europe.....	37
<i>Market size and growth</i>	38
Germany accounts for 58.9% of the region's volume of new and used cars subject to financing. ...	38
... although as much as 68.1% at the point of sale if direct lenders are omitted from the equat.	38
... with a value well in excess of €30 billion in gross advances and assets leased in 2006.....	41
Private car finance in the region adds up to a market growing at an average annual rate of 3.2%...	44
The key factor is a declining market for used cars financed at the point of sale in Germany	46
Total point-of-sale finance and leasing possessed a value of over €80 billion in 2006	48
In aggregate terms, dealerships lose ground in the market for finance and leasing for new cars. ...	49
... with direct lenders achieving over double their average annual rate of growth in new business.	50
The share of dealerships in finance provided for used car sales falls below a quarter in 2006. ...	51
... with direct lenders likely to provide a higher aggregate value of used car finance by 2008.....	52
Motor insurance	53
Dealer penetration rates for motor insurance reach 100% in three of the ten countries reviewed	53
Many dealerships in Switzerland act as multi-tied agents or brokers for motor insurance.....	54
Denmark and Sweden are characterised by the high penetration of captive-only propositions	55
Average customer take-up rates vary considerably from country to country across the region.....	57
... with the overall take-up rates for new cars lying above 50% in six of the territories reviewed	59
Manufacturer enthusiasm for branded motor insurance is highest in Poland and Germany	61
Dealer-intermediated motor ins.: Germany accounts for just over 50% of the market value. ...	62
... with Volkswagen Versicherungsdienst alone holding a portfolio of around 1.1 million policies	62
Volvia accounts for a substantial proportion of dealer-intermediated motor insurance in Sweden...	62
Creditor insurance	64
Over 50% of dealers offer creditor insurance in only four out of the ten countries considered. ...	64
... although re-solicitation programs can improve cross-sell rates in many instances	64
In a majority of cases, average customer take-up rates fall below the 10.0% threshold.	65
... which indicates that there is plenty of scope to develop overall cross-selling rates further	67
Manufacturer-branded creditor insurance progs. are most widespread in Germany and Poland	70
Direct lenders account for the majority of creditor insurance sold in conjunction with car finance. ...	71
... with Germany accounting for almost two thirds of the market value for the region as a whole....	71
Extended warranties	73
Dealerships in the Nordic region and Slovakia are the least likely to promote ext. warranties	73
Dealerships in Germany and Norway are most likely to work with multiple warranty providers	74
Non-captive warranty prov. is evolving as a result of the activity of a range of specialist firms.....	75
... some of which operate internationally and some of which also run branded schemes.....	75
Average take-up rates for ext. warranties are highest for both new and used cars in Germany	78
For the whole region, an overall take-up rate of just below 20% is rec. for buyers of used cars	80
Enthusiasm for manufacturer-branded warranty extensions is weakest in Scandinavia	82
The market for used car warranty exts. is over double the size of its equivalent for new cars	83
Germany accounts for almost three quarters of the mkt. value for Northern and Central Europe.....	83
GAP insurance	85
The Czech Republic, Poland and Slovakia register the highest dealer participation rates	85
GAP insurance can be promoted through dealers. by a variety of non-captive market players	86
Independent provs. of GAP insurance at the point of sale prosper in markets other than Poland	87
Where offered by dealers, ave. take-up rates for GAP insurance often run at significant levels	90

AUTOMOTIVE FINANCIAL SERVICES IN NORTHERN AND CENTRAL EUROPE

For purchasers of new cars, overall take-up rates are strongest in the Czech Rep. and Poland.....	91
Manufacturer-branded schemes for GAP insurance are most in evidence in the Czech Republic....	93
Notwithstanding low customer take-up rates, Germany is the largest market in value terms.....	94
Road assistance	96
Breakdown recovery ins. is offered on a branded basis by the vast majority of manufacturers	96
Both international and local assistance companies compete for deals with manufacturers	97
Manufacturers' captive finance operations.....	100
Financial services constitute a crucial source of profitability to major automotive groups... ..	100
... although the sale of a 51% stake in GMAC by General Motors is a significant development...	100

3.0 AUSTRIA..... 103

Introduction	103
Passenger vehicle data	104
New car sales advance at an annual average of 2.6% between 2002 and 2006.....	104
Brands within the Volkswagen grouping continue to account for well over a quarter of sales.....	105
Motor dealer data.....	106
Franchised sales outlets increase following the trough reached at the beginning of 2004... ..	106
... but average sales per sales outlet in Austria remain well below the regional average.....	107
Finance and leasing - market size and growth.....	108
Direct lenders and cash buyers put the squeeze of point-of-sale finance in Austria.....	108
... causing the value of used car finance intermediated by dealers to decline	110
Dealer survey - top level results.....	112
Dealer penetration rates exceed 50% for all types of financial service other than GAP ins.....	112
... with average take-up below the regional averages for finance / leasing and motor ins.....	113
... but above or close to the averages for the other ancillary financial services considered	113
Austrian consumers display a preference for leasing-based contracts, including long-term rental	115
Austrian dealerships are increasingly likely to use non-captive finance and leasing propositions..	116
Competitor dynamics	117
Finance / leasing: over 40% of dealers continue to intermediate captive finance only.....	117
... although a group of four main, non-captive competitors is becoming increasingly strong	117
Motor insurance: over 70% of dealerships focus exclusively on manufacturer-branded policies... ..	118
Extended warranties: Car Garantie dominates non-captive warranty prov. at the point of sale	119
... although several other providers have begun to emerge in the dealer distribution channel	119
GAP insurance: a minority of dealerships promote GAP cover on a stand-alone basis	121
Manufacturer relationships.....	122
Finance / leasing: a number of banks are competing for manufacturer-branded mandates.....	122
Motor ins.: a majority of manufacturer brands collaborate with a single, external underwriter.....	123
Creditor insurance: Cardif, Swiss Life and Winterthur emerge as the main protagonists	124
Extended warranties: longer automatic guarantees dull appetite for ext. warranty programs	125
GAP insurance: a minority of brands only have introduced stand-alone GAP insurance	126
Road assistance: the ÖAMTC continues to handle the key Ford, Opel and Volkswagen accs.	127
Data bank.....	128

4.0 CZECH REPUBLIC..... 130

Introduction	130
Passenger vehicle data	131
Rapid growth in sales of used cars help to offset the continuing decline in sales of new vehicles.	131
The aggregate share of sales of brands within the Volkswagen grouping remains above 50%	132
Motor dealer data.....	133
The number of franchised dealer outlets recovers from the low point reached in 2003... ..	133
... although dealers are likely to become increasingly reliant upon sales of used vehicles	134
Finance and leasing - market size and growth.....	135

AUTOMOTIVE FINANCIAL SERVICES IN NORTHERN AND CENTRAL EUROPE

A robust mkt. for used car finance outweighs the unpropitious env. for new car finance.....	135
... helping the value of gross advs. and assets leased to exceed CzKr 30 billion barrier in 2006..	136
Dealer survey - top level results.....	138
Dealer provision of ext. warranties and GAP insurance has advanced strongly in recent years....	138
Around two thirds of buyers of new cars take out finance or leasing at the point of sale....	139
... while the average take-up rate for motor insurance is boosted by automatic bundling.....	139
Czech dealerships have reduced slightly the number of partners used for finance and leasing	141
Around three out of every four consumers opt for a leasing-based car finance contract.....	142
Competitor dynamics	143
Finance / leasing: captive finance providers appear to have strengthened their hand.....	143
... although they face tough competition from a variety of non-captive entities... ..	143
... including the recently re-named Credium as well as CAC, ČSOB and GE Money Bank	143
Motor insurance: a small number of entities dominate point-of-sale provision of motor insurance	145
Extended warranties: a significant market for non-captive warranties has grown in recent years..	146
GAP insurance: provision by dealerships is dominated primarily by non-captive providers... ..	147
... with Carlife having grown rapidly in both extended warranties and GAP ins. since 1999... ..	147
... and with Maxima Pojišťovna having re-focused on these types of policy from 2002 onwards..	147
Manufacturer relationships.....	149
Finance / leasing: CAC Leasing ties up exclusive, shared or joint venture links with 11 brands....	149
Motor ins.: the majority of brands collaborate with a panel of between three and five insurers.....	151
Creditor insurance: Cardif Pro Vita exercises a virtual monopoly on directly organised partners...	152
Extended warranties: a majority of brands organise warranty schemes on an internal basis.....	153
GAP insurance: Carlife usurps the competition as the leading supplier of branded GAP ins.....	154
Road assistance: local assist. companies continue to shut out the international competitors... ..	155
... although Coris claims the Fiat Group account and AXA Assistance works with Renault.....	155
Data bank.....	156
5.0 DENMARK.....	158
Introduction	158
Passenger vehicle data	159
Sales of both new and used passenger cars have developed strongly in recent years.....	159
Suzuki and Toyota push General Motors and Renault Nissan out of the top five groupings.....	160
Motor dealer data.....	161
The rate of decline in the number of franchised dealerships levels out in 2004 and 2005... ..	161
... although modest sales efficiency suggests that a further downsizing remains on the cards	162
Finance and leasing - market size and growth.....	163
Dealerships intermediate only a small proportion of private car finance in Denmark... ..	163
... with vehicles financed through direct lenders and cash growing at a faster rate	163
An important driver of car finance in Denmark is the very high average price of new vehicles	165
Dealer survey - top level results.....	167
Finance and leasing constitutes the main focus of Danish dealers in auto. financial services	167
Automotive financial services are characterised by weak take-up rates at the point of sale.....	168
Less than one in five individual car buyers in Denmark opt for leasing-based contracts	169
On average, Danish dealerships use slightly more than two providers for finance and leasing	170
Competitor dynamics	171
Finance / leasing: a fragmented market suggests that the sector may be ripe for consolidation ...	171
Motor insurance: there is little or no scope for independent insurers to sell through dealerships...	172
Extended warranties: independent warranty providers have yet to make serious progress.....	173
Manufacturer relationships.....	174
Finance / leasing: Semler Bilfinans provides captive finance for the four Volkswagen brands.....	174
Nordania Leasing is the most prominent external partner for branded finance and leasing	174
Motor insurance: Codan, If and Topdanmark dominate partnerships for branded insurance.....	176
Creditor insurance: only Fiat Finansiering has introduced a lånesikring policy into the market	177

AUTOMOTIVE FINANCIAL SERVICES IN NORTHERN AND CENTRAL EUROPE

Extended warranties: few manufacturer brands have developed extended warranty schemes	178
Road assistance: Dansk Autohjælp and Falck dominate manufacturer brand relationships	179
Falck, in particular, is keen to expand its business in Scandinavia and elsewhere in Europe	179
Data bank	181

6.0 GERMANY

Introduction	183
Passenger vehicle data	184
New car sales stage a recovery in 2006 but the market for used cars continues to decline gently	184
Volkswagen Group claims nearly one in three new car registrations in 2006	185
Motor dealer data	186
The long-standing decline in franchised dealership numbers stabilises by the beginning of 2006	186
Average sales per sales contract and sales outlet have risen significantly in recent years	187
Finance and leasing - market size and growth	188
In terms of the total number of car finance contracts, the market remains stagnant	188
... with direct lenders accounting for most of the growth that has occurred in value terms	190
Data issued by both the Bankenfachverband and AKA underlines the tough conditions	190
Dealer survey - top level results	192
GAP insurance is rarely marketed on a stand-alone basis by car dealerships in Germany	192
Point-of-sale take-up rates for finance / leasing and extended warranties are particularly high	193
Dealerships are increasingly inclined to work with a higher number of finance and leasing firms ..	194
Lending-based products make up almost two thirds of total consumer finance agreements	195
Competitor dynamics	196
Finance / leasing: well over a half of German dealerships now work with non-captive providers ..	196
... with Santander Consumer Finance approaching an annual volume of one million contracts ...	196
BDK was created in 2000 with the national association of car dealers as a main shareholder	196
... and is seeking to innovate both in the spheres of both finance / leasing and insurance	196
... although it remains small, in terms of business vols., when compared to the market leader	197
Motor insurance: several underwriters are cultivating the car dealership distribution channel	199
Extended warranties: over a third of dealerships utilise non-captive warranty providers	200
Car Garantie is the clear leader in Germany's extended warranty market	200
... with premiums moving up at an annual average rate in excess of 10% in recent years	200
GAP ins.: attempts to introduce stand-alone policies appear to have met with limited success	202
Manufacturer relationships	203
Finance / leasing: Fiat Bank also provides fin. and leasing for Ferrari and Maserati in Germany ..	203
Motor insurance: captive brokers play a prominent role in manufacturer-branded insurance	204
Volkswagen Versicherungsdienst made significant progress during the course of 2006	204
... as a consequence of making several key changes to its strategic partnership with Allianz	204
... with Allianz / Frankfurter and Garanta / Nürnberger prominent in non-captive arrangements ...	204
Creditor insurance: Schweizerische and DBV Winterthur dominate auto. creditor insurance	206
Extended warranties: Car Garantie accounts for a majority of manufacturer partnerships	207
GAP insurance: only a handful of manufacturer brands offer stand-alone GAP insurance	208
Road assistance: the indigenous manufacturer groups operate their own assistance services ...	209
... although other competitors include ADAC, AvD, Europ Assistance and Mondial Assistance ...	209

7.0 HUNGARY

Introduction	213
Passenger vehicle data	214
An increase in registration taxes causes a fall in passenger car sales in both 2005 and 2006	214
Suzuki punches above its weight as a result of its local manufacturing presence	216
Motor dealer data	217

AUTOMOTIVE FINANCIAL SERVICES IN NORTHERN AND CENTRAL EUROPE

Dealership sales outlets grow overall in spite of falls in two years between 2002 and 2006	217
... resulting in a vehicle distribution channel whose efficiency is bettered only by Germany	218
Finance and leasing - market size and growth	219
The impressive growth of previous years goes into reverse from 2005 onwards.	219
... with the market value, in terms of gross advances and assets leased, having peaked in 2004	221
A very significant proportion of car loans are made in a foreign currency, often Swiss Francs	221
Dealer survey - top level results	223
Provision rates for creditor insurance and ext. warranties have risen sharply in recent years.	223
... with dealerships achieving healthy ave. take-up rates where these are offered to consumers.	224
Dealerships are less inclined than ever to remain loyal to finance providers, including captives ...	226
Only around one in every five finance packages can be defined as leasing-based contracts	227
Competitor dynamics	228
Finance / leasing: captives struggle for breathing space in a crowded point-of-sale market.	228
... in which a multitude of foreign-owned institutions battle for business.....	228
Motor insurance: Allianz Hungária, Generali Providencia and Uniqa are the dominant suppliers..	230
Extended warranties: independent warranty suppliers have begun to make progress in Hungary	231
Manufacturer relationships	232
Finance / leasing: a number of external partners have secured mandates from major brands	232
Motor insurance: Allianz Hungária and Generali also operate several branded schemes.	233
... although a broker, Eurorisk, holds the relationship with seven manufacturer brands.....	233
Creditor insurance: only one captive finance entity operates a creditor insurance scheme.....	234
Extended warranties: only a minority of brands have introduced their own warranty programs.....	235
Road assistance: Magyar Autóklub accounts for a half of manufacturer partnerships.....	236
Data bank	237
8.0 NORWAY	239
Introduction	239
Passenger vehicle data	240
The share of total new passenger car sales attributable to fleet buyers has risen in recent years.	240
The Toyota grouping challenges the Ford grouping for second position in the new car market.....	241
Motor dealer data	242
The sharp fall in the number of franchised outlets reaches its lowest point in 2003.	242
... although apparently low sales efficiency is caused in part by Norway's peculiar geography.....	243
Finance and leasing - market size and growth	244
The volume of car sales subject to some form of finance peaked at around 279,000 in 2004.	244
... with the value of the market having retreated slightly to around Nkr 29.50 billion by 2006	245
Dealer survey - top level results	247
Relatively few dealerships in Norway intermediate either creditor insurance or ext. warranties.....	247
Take-up rates for motor insurance are comfortably higher than the regional average.....	248
Lending-based products account for the majority of private car finance contracts in Norway	249
Where dealers offer warranties, they commonly source policies from more than one provider	250
Competitor dynamics	251
Branded finance and leasing propositions face tough competition from non-captive providers	251
Grupo Santander's ELCON commands a market share of vehicle finance of approaching 30% ..	251
Motor insurance: If and Gjensidige are easily the most prominent non-captive underwriters.....	253
Extended warranties: Fragus Warranty Group strengthens its position by linking with ELCON.....	254
Manufacturer relationships	255
Finance / leasing: SEB and Storebrand Bank are active through joint ventures with importers	255
Motor insurance: Tennant Forsikring picks up a valuable relationship in the shape of Toyota.....	257

9.0 POLAND	262
Introduction	262
Passenger vehicle data	263
2005 and 2006 see a continuation of the trend for huge volumes of used car imports in Poland ..	263
Consequently, the vast majority of consumers acquiring a car elect to purchase a used vehicle ..	263
Volkswagen commands a group market share in excess of 20.0% of the passenger car market .	265
Motor dealer data	266
The number of franchised dealer outlets has stabilised but remains low in per capita terms	266
As in the Czech Republic, the emphasis for dealers will fall increasingly on the sale of used cars	267
Finance and leasing - market size and growth	268
The flood of cheap imports brings about rapid growth in the volume of vehicles financed... ..	268
... albeit around 410,000 cars are likely to have been paid for in cash during 2006	268
Excluding fleets, the total market for passenger car finance is worth over PIZ 10 billion... ..	270
... although the overall market for consumer credit is growing at roughly twice the speed.....	270
Dealer survey - top level results	272
Dealer interest in intermediating ancillary financial services appears to be on the increase.....	272
Point-of-sale take-up rates for finance and leasing appear to have risen in recent years... ..	273
... with sales of GAP insurance to new car buyers also seemingly strong where offered	273
Polish dealers. have expanded the number for finance and leasing firms with which they work ...	275
Lending-based contracts dominate finance for individual customers	276
Competitor dynamics	277
Finance / leasing: numerous independent providers compete in the point-of-sale market... ..	277
... with Santander Consumer Bank, in particular, having asserted itself in recent years	277
Motor insurance: PZU, ERGO Hestia and Allianz continue to dominate the dealer channel.....	279
Extended warranties: Poland remains virgin territory for non-captive warranty propositions	280
GAP insurance: As for extended warranties, GAP ins. is dominated by captive propositions	281
Manufacturer relationships	282
Finance / leasing: a significant prop. of brands continue to collaborate with multiple partners	282
Motor insurance:Allianz, ERGO Hestia and PZU also dominate manufacturer partnerships	283
Creditor insurance: albeit sometimes indirectly, promotion of creditor ins. is now widespread.....	285
Extended warranties: schemes are now in place for over a half of manufacturer brands.....	286
GAP insurance: Cardif dominates provision of stand-alone GAP insurance in Poland.....	287
... although several brands have incorporated limited cover into their motor insurance policies ...	287
Road assistance: AXA Assistance and Pol Assistance provide competition to a dominant trio	288
Data bank	289
10.0 SLOVAKIA	291
Introduction	291
Passenger vehicle data	292
A rapid expansion in imported vehicles causes sales of used cars to surge in 2005 and 2006	292
The share of new car sales of the Volkswagen grouping declined rapidly between 2004 to 2006	294
Motor dealer data	295
Over 100 new franchised dealer outlets opened over a three year period to the start of 2006... ..	295
... although it is possible that this growth may be out of proportion relative to underlying demand	296
Finance and leasing - market size and growth	297
Virtually all of the growth in Slovakia's market is due to finance and leasing for used cars	297
Used car finance now accounts for over a third of the value of total private car finance	298
Slovakia's wider market for cons. credit is growing at more than twice the rate of car finance.....	298
Dealer survey - top level results	300
GAP ins. has overtaken creditor insurance and extended warranties as a priority for dealers.....	300
The provision of automotive financial services for used cars generally lags that for new cars	301
Dealerships have cut back substantially on the number of finance provs. with which they work ...	302

AUTOMOTIVE FINANCIAL SERVICES IN NORTHERN AND CENTRAL EUROPE

Around three out of every four consumers opt for a leasing-based car finance contract	303
Competitor dynamics	304
Finance / leasing: over a half of dealers. now work exclusively with captive finance providers.	304
... although a further eight independent, foreign-owned entities are also active in this sector	304
Motor insurance: Allianz and Kooperativa continue to dominate point-of-sale provision	306
Extended warranties: Cargarant pioneers the provision of non-captive programs in Slovakia.....	307
GAP insurance: new distribution deals seal Carlife's status as the leading independent supplier .	308
Manufacturer relationships.....	309
Finance / leasing: most major brands have now introduced finance and leasing services.....	309
Motor insurance: branded insurance is most commonly sourced from a panel of underwriters.....	310
Creditor insurance: Cardif Pro Vita has created relations. with both GMAC and VWFS / Škofin ...	311
Ext. warranties: Carlife ties up administration deals with Kia and Porsche Inter Auto Slovakia.....	312
GAP insurance: only Maxima's links with Ford and Volvo disturb the status of Cardif Pro Vita	313
Road assistance: Autoklub Slovakia Assistance claims a majority of the key relationships	314
Data bank.....	315
11.0 SWEDEN.....	317
Introduction	317
Passenger vehicle data	318
Moderate growth in the market for new cars helps to offset virtually static sales of used cars	318
Volvo achieves more than double the sales volume of any other single brand in Sweden.....	319
Motor dealer data.....	320
Following a period of decline, the no. of outlets rises by 6.9% in the year to the start of 2006....	320
... although measured by sales per sales outlet, dealers generate relatively low volumes	321
Finance and leasing - market size and growth	322
The number of credit agreements for purchase of new or used cars remains almost static.....	322
... although both the point of sale and direct lenders experience growth in value terms	323
Survey results	325
Local anomalies influence provision rates of automotive financial services by Swedish dealers ...	325
Car dealerships represent an important distribution channel for motor insurance in Sweden.....	325
... although renewal rates for pols. sold by dealers are weaker than those for the whole market..	325
GAP insurance is never marketed on a stand-alone basis by car dealerships in Sweden	325
Point-of-sale take-up rates are strong for finance / leasing and motor insurance in Sweden	327
Swedish dealerships tend to work with a comparatively low number of financial svcs. providers....	328

12.0 SWITZERLAND.....	341
Introduction	341
Passenger vehicle data	342
Sales of used cars remained virtually static in Switzerland over the 2002-6 time frame	342
Four manufacturer groups account for almost a half of sales of new passenger vehicles in 2006...	343

AUTOMOTIVE FINANCIAL SERVICES IN NORTHERN AND CENTRAL EUROPE

Motor dealer data	344
A dull market for sales of new and used cars causes dealer sales outlet numbers to contract.	344
... but sales per sales outlet in Switzerland remain chronically low relative to the regional ave.	345
Finance and leasing - market size and growth	346
The Swiss market for car finance and leasing shows little change from one year to the next.	346
... although it rose to more than CHFr 7.5 billion in new business for the first time in 2006	347
Dealer survey - top level results	349
Swiss dealers focus primarily on intermediating finance, leasing and extended warranties	349
Take-up rates are best for finance / leasing for used cars and ext. warranties for used cars	350
Around four out of five car finance contracts are classifiable as leasing-based products	351
On average, Swiss dealerships use slightly more than two providers for finance and leasing	352
Competitor dynamics	353
Finance / leasing: the majority of dealers work exclusively with captive finance providers	353
... with only GE Money Bank and Credit Suisse offering particularly serious competition.....	353
Motor insurance: car dealerships in Switzerland utilise a variety of operating models	355
Extended warranties: Car Garantie and eurotax Garantie have cultivated the mkt. since 1993.....	356
Manufacturer relationships	357
Finance / leasing: AMAG and Emil Frey control a significant vol. of car finance in Switzerland	357
Motor insurance: only a minority of manufacturer brands offer policies under their own name	359
Creditor insurance: payment protection policies are rarely offered by manufacturer brands	360
Extended warranties: eurotax Garantie accounts for the majority of manufacturer relationships... ..	361
Road assistance: Touring Club Suisse has accumulated 1.45 million individual customers	362
