2.0 REGIONAL OVERVIEW	20
Introduction	20
Passenger vehicle data	21
The region's passenger car parc is characterized by slow but predictable growth.....21	
Four of the eight markets reviewed experience a declining market for new passenger car sales.....22	
The used passenger car markets of Ireland and Spain chalk up the strongest rates of growth23	
New vehicle registrations are characterised by patriotic tendencies in several countries... ..24	
... although brands such as Honda, Hyundai, Suzuki and Toyota are all making steady progress..24	
Motor dealer data.....	26
The number of franchised dealers begins to grow following the low point reached in 2003... ..26	

AUTOMOTIVE FINANCIAL SERVICES IN SOUTHERN AND WESTERN EUROPE

... with the sale efficiency of Italy, Spain and the UK all now ahead of the regional average	28
Finance / leasing	29
<i>Survey results</i>	29
Provision of finance and leasing services is fundamental to the profitability of dealerships.....	29
Dealers are most likely to work with a high number of finance providers in Ireland and the UK.....	30
The average number of finance and leasing providers used by dealers rises in all markets... ..	31
... with the exception of Spain where many non-captive entities are struggling to advance.....	31
Captive finance providers exert the greatest control over dealerships in the Netherlands.....	33
... with dealers most inclined to work with both captive and non-captive entities in the UK	33
Average customer take-up rates at the point of sale exceed 50% only in Italy and Portugal.....	36
... although dealerships appear to be increasing their effectiveness in several markets... ..	37
... as a result of a number of factors related to development and marketing of finance products.....	37
Leasing accounts for more than 50% of all car finance deals for consumers only in Portugal	39
The vast majority of manufacturers and importers possess their own finance / leasing services.....	40
<i>Market size and growth</i>	41
In terms of the overall no. of credit agreements, the UK remains the region's largest market.....	41
... although Italy's point-of-sale market is substantially larger than that of any other country... ..	41
... with a value well in excess of €20 billion in gross advances and assets leased in 2006.....	44
Private car finance in the region adds up to a market growing at an average annual rate of 2.3%...46	46
The strong performance of dealerships in Italy and Spain helps to offset weaknesses elsewhere...48	48
Total point-of-sale finance and leasing possessed a value of over €140 billion in 2006	50
In several countries, the dealership channel is competing effectively against direct lenders.....	51
Across the whole region, point-of-sale finance for new cars is still worth more than direct lending...52	52
The share of dealerships in finance provided for used car sales dwindles to 15.0% in 2006... ..	53
...although this still adds up to point-of-sale gross advances and assets leased of €29.8 billion	54
Motor insurance	55
Over a half of all dealers interviewed offer motor insurance in all territories other than Ireland	55
It is commonplace for dealerships on the Iberian peninsula to act as multi-tied agents	56
... although elsewhere in Southern and Western Europe, captive propositions tend to dominate...57	57
Average take-up rates for new cars lie between one in four and one in five vehicles sold.....	59
... although a significant proportion of this average may be due to bundling of 'free' insurance	59
Excluding Ireland, France appears to be the region's least promising market for branded ins.....	61
Almost three quarters of the region's manufacturers or importers operate branded schemes	63
Car dealerships: a viable motor insurance distribution channel for manufacturers and insurers?.....	64
Italy and the UK are the region's largest markets for dealer-intermediated motor insurance.....	64
... with the tougher conditions in France underlined by the much smaller estimated market value ..64	64
Creditor insurance	66
Dealerships in the Netherlands continue to display little interest in selling creditor insurance.....	66
There is a dichotomy of experience when it comes to average take-up rates for creditor ins.....	67
Average cross-selling rates for creditor insurance in France continue to run at high levels.....	69
Manufacturer-branded creditor insurance programs are most widespread in Italy and the UK.....	72
Direct lenders account for the majority of creditor insurance sold in conjunction with car finance...73	73
... with the value of the UK market likely to be in the region of five times that of its closest rival.....	73
Extended warranties	75
On average, close to 75% of dealers in the region are active in extended warranty sales	75
The average number of warranty providers used in France is high relative to other countries.....	76
Non-captive warranty prov. is developing as a result of the activity of several specialist firms... ..	77
... some of which operate internationally and some of which also run branded schemes.....	77
Average take-up rates for extended warranties vary significantly between different countries.....	80
... although dealerships enjoy the advantage of being the natural channel for this type of cover	80
Overall take-up rates are lowest in Ireland as a result of limited provision on the part of dealers.....	82
Over 50% of brands considered run warranty programs in all countries other than Ireland	84
The market for used car warranties lags behind that for warranty extensions for new cars.....	85
... in a total market worth around €1.17 billion in 2006 in terms of premiums written on new pols. ..85	85

AUTOMOTIVE FINANCIAL SERVICES IN SOUTHERN AND WESTERN EUROPE

GAP insurance	87
Comprehensive pols. are only sold widely on a stand-alone basis in France, Ireland and the UK ...	87
The main non-captive finance and leasing providers in France also offer GAP insurance	88
Stand-alone GAP insurance is commonly sourced from non-captive providers	89
Stand-alone GAP insurance is a viable and well-developed market in both France and the UK	91
Overall take-up rates are significantly lower than average take-up rates only in Ireland	93
New initiatives for stand-alone GAP insurance may be introduced in Italy, Portugal and Spain	95
The market size for GAP insurance in France is almost identical to that for the UK	96
Road assistance	100
Breakdown recovery insurance is offered on a branded basis by virtually all manufacturers	100
A clutch of smaller national and international assist. firms are challenging the market leaders	102
Manufacturers' captive finance operations	103
Financial services constitute a crucial source of profitability to major automotive groups	103
... although the sale of a 51% stake in GMAC by General Motors is a significant development ...	103
3.0 BELGIUM	106
Introduction	106
Passenger vehicle data	107
Sales of both new cars and used cars rise strongly in 2006 following years of stagnation	107
The continuing popularity of the Citroën brand makes Peugeot Citroën the major group	108
Motor dealer data	108
The annual decline in dealer. sales outlets has continued almost uninterrupted in recent years ...	108
... although by the standards of the region, dealers generate relatively low sales per outlet	110
Finance and leasing - market size and growth	110
Volumes in the finance and leasing market rise in 2006 in the wake of several years of decline ...	110
... bringing average annual growth in private car finance in line with that for total cons. credit	112
Dealer survey - top level results	114
Provision rates for motor insurance, creditor insurance and ext. warranties have increased ...	114
... although take-up rates among buyers of both new and used cars remain relatively modest	115
Belgian dealers are increasingly inclined to collaborate with a higher no. of finance providers	116
Over one third of finance agreements by volume are attributable to leasing-based contracts	117
Competitor dynamics	118
Finance / leasing: the competitive structure in Belgium is comparatively fragmented	118
... with only three groups having achieved significant penetration among dealerships	118
Motor insurance: there is little scope for marketing non-captive policies through Belgian dealers.	120
Extended warranties: point-of-sale provision continues to be dominated by captive offerings	121
Manufacturer relationships	122
Finance / leasing: Alpha Credit provides finance on behalf of Toyota and several other brands ...	122
Motor insurance: P&V / Vivium Affinity lay claim to the highest number of manufacturer deals	123
Creditor insurance: almost two thirds of the brands maintain schemes for creditor insurance	124
Extended warranties: Real Garant and Car Garantie have both made significant progress	125

AUTOMOTIVE FINANCIAL SERVICES IN SOUTHERN AND WESTERN EUROPE

Finance and leasing - market size and growth	134
The car finance market stagnated between 2002 and 2006 in terms of number of contracts... ..	134
... although it expanded at an average rate per annum of 1.7% when measured by its value.....	135
Statistics published by the ASF are broadly in line with these figures	135
Dealer survey - top level results	137
France scores high dealer penetration rates for ancillary insurance and warranty products... ..	137
... but competition from other distribution channels blunts the efforts of dealers in motor ins.	137
Packaging with finance and leasing products produces impressively high take-up rates... ..	139
... with those recorded for GAP insurance standing well ahead of those in any other country	139
The average number of providers of finance and leasing used by dealers has barely changed....	141
Lending-based products make up almost two thirds of total consumer finance agreements	142
Competitor dynamics	143
Finance / leasing: non-captive point-of-sale finance prov. remains largely a four-way battle... ..	143
... although the development of Crédit Mutuel's Financo has accelerated in recent years	143
Motor insurance: dealers focus mainly on intermediation of manufacturer-branded policies.....	145
... with the leading finance and leasing providers having made little headway in this sector	145
Extended warranties: the major non-captive provs. are the leading finance and leasing firms.....	147
... although independent providers like Icare and Gras Savoye also compete in this channel	147
GAP insurance: almost 40% of dealerships promote non-captive GAP insurance policies.....	149
Manufacturer relationships	150
Finance / leasing: Cetelem and CGI claim four significant non-captive relationships each	150
Motor insurance: SATEC's ODL emerges as a new competitor in the market for branded pols....	151
... although numerous underwriters and brokers continue to compete for man. mandates	151
Altima continues to work with Peugeot and Renault, the leading two auto. brands in France.....	151
April Développement has been linked to BMW and Mini since 2005... ..	151
... with the objective of offering an insurance proposition that covers every risk profile.....	151
... and with great effort having been put into improving the efficacy of the dealer sales channel..	152
Creditor insurance: manufacturer relationships remain largely unchanged since 2004	154
Extended warranties: Icare and the RAC operate the majority of man. warranty schemes.....	155
GAP insurance: Covéa Fleet is by far the dominant underwriter of branded GAP insurance.....	156
... with few other insurers having secured relationships with manufacturers in this field	156
Road assistance: Europ Assistance / Mondial Assistance dominate man. partnerships... ..	158
