0.0 EXECUTIVE SUMMARY	2
<i>Motor insurance sold by manufacturers and dealers amounts to a €7.30 billion market across Europe..2</i>	
<i>Sweden's automotive trade has been most successful in retaining its distribution channel share.....2</i>	
<i>... while Ireland, Denmark, France, Portugal and Switzerland are the least promising markets.....3</i>	
<i>On average, dealerships in Russia collaborate with the highest number of insurance underwriters.....3</i>	
<i>Dealers are most likely to adhere to captive propositions in Denmark, Belgium, Sweden and the UK....3</i>	
<i>Overall take-up rates at the point of sale are highest among buyers of new cars in Bulgaria4</i>	
<i>A clear majority of manufacturers and importers have organised official motor insurance programs.....4</i>	
<i>... although relationships with insurance providers seem invariably to be made at the national level.....4</i>	
<i>Road assistance schemes have been set up by over 90% of automotive brands in most countries.....5</i>	
<i>... with manufacturer relationships sought after by both international and local assistance firms.....5</i>	
<i>Motor insurance will remain a key sector within the wider market for automotive financial services5</i>	
1.0 INTRODUCTION	8
What is this report about?	8
The focus of the report is on motor insurance related to the sale of passenger cars to individuals	8
Rationale.....	8
Financial services provision is crucial to the profitability of automotive entities.....	8
... and extends to a range of insurance, warranty and assistance concepts.....	8
... although published information on these markets remains at a premium.....	9
Changes in the structure of the dealer channel have implications for automotive financial services	9
Methodology	10
<i>Dealer survey.....</i>	<i>10</i>
<i>Manufacturer survey.....</i>	<i>12</i>

2.0 EUROPEAN OVERVIEW	17
Introduction.....	17
Passenger vehicle data	18
Europe's passenger car parc is characterized by slow but predictable growth	18
Countries in Eastern and South-Eastern Europe provide the best growth opportunities.....	19
... with sales to commercial customers and fleet buyers outstripping the regional average.....	20
The boom in imported vehicles helps Poland to achieve rapid growth in sales of used cars	21
There is ample scope for growth in sales of used cars in Eastern and South-Eastern Europe.....	22
New vehicle registrations are characterised by patriotic tendencies in several countries.....	23
... although brands such as Honda, Hyundai, Suzuki and Toyota are all making steady progress.....	23
Motor dealer data	25
The number of franchised dealers begins to grow following the low point reached in 2003.....	25
... with the sale efficiency of five countries setting the standards for the rest of Europe.....	27
Dealer survey results - motor insurance.....	29
Dealer penetration rates for motor insurance reach 90% or more in a half of the countries reviewed....	29
On average, Russian dealerships liaise with over eight underwriters each for motor insurance	31
A number of countries are characterised by the high penetration of captive-only propositions.....	33
Average take-up rates for motor insurance are weakest among buyers of new cars in Denmark.....	36

MANUFACTURER-BRANDED AND DEALER-INTERMEDIATED MOTOR INSURANCE AND ASSISTANCE IN EUROPE

... with France and Switzerland also below the 10% threshold in terms of overall take-up rates	38
Across Europe, slightly over a third of used cars sold by dealers are insured at the point of sale	40
... with Poland, Turkey, Slovakia and Norway achieving the highest overall take-up rates.....	42
Manufacturer / importer survey results - motor insurance	44
A clear majority of manufacturers and importers have established motor insurance schemes.....	44
Market size - dealer-intermediated motor insurance.....	46
Car dealerships: a viable motor insurance distribution channel for manufacturers and insurers?	46
Dealer-intermediated motor insurance in Europe is worth around €7.30 billion in gross premiums.....	46
... with Italy, Germany, Russia and the UK the largest markets in terms of outright value.....	46
... although with the automotive trade in Sweden holding the highest share of the personal market....	46
Conditions for dealer-intermediated motor insurance are much tougher in a number of markets	47
Manufacturer / importer survey results - road assistance	50
Over 90% of manufacturer brands have an official program in 20 of the 26 countries investigated... ..	50
... although this activity is apparently less developed in Bulgaria, Russia, Slovenia and Ukraine	50
Road assistance markets are populated by both international and local competitors.....	52
... with some manufacturer brands operating their own assistance service in certain countries	52
Manufacturers' captive finance operations	55
Financial services constitute a crucial source of profitability to major automotive groups.....	55
... although the sale of a 51% stake in GMAC by General Motors is a significant development	55
3.0 AUSTRIA.....	58
Introduction.....	58
Passenger vehicle data	59
New car sales advance at an annual average of 2.6% between 2002 and 2006	59
Brands within the Volkswagen grouping continue to account for well over a quarter of sales	60
Motor dealer data	61
Franchised sales outlets increase following the trough reached at the beginning of 2004.....	61
... but average sales per sales outlet in Austria remain well below the European average	62
Dealer survey - top level results	63
Overall point-of-sale take-up rates in Austria are below the Europe-wide averages.....	63
Competitor dynamics	64
Motor insurance: over 70% of dealerships focus exclusively on manufacturer-branded policies.....	64
Manufacturer relationships	65
Motor insurance: a majority of manufacturer brands collaborate with a single, external underwriter.....	65
Road assistance: the ÖAMTC continues to handle the key Ford, Opel and Volkswagen accounts.....	66
4.0 BELGIUM.....	68
Introduction.....	68
Passenger vehicle data	69
Sales of both new cars and used cars rise strongly in 2006 following years of stagnation.....	69
The continuing popularity of the Citroën brand makes Peugeot Citroën the major group	70
Motor dealer data	71
The annual decline in dealership sales outlets has continued almost uninterrupted in recent years... ..	71
... although by European standards, dealers generate relatively low sales per outlet.....	72
Dealer survey - top level results	73
Overall point-of-sale take-up rates in Belgium are below the Europe-wide averages.....	73
Competitor dynamics	74
Motor insurance: there is little scope for marketing non-captive policies through Belgian dealerships... ..	74
Manufacturer relationships	75
Motor insurance: P&V / Vivium Affinity lay claim to the highest number of manufacturer deals.....	75
Road assistance: Touring Assistance and VTB VAB limit openings for the multi-nationals	76

5.0 BULGARIA	78
Introduction.....	78
Passenger vehicle data	79
Sales of both new cars and used cars rise strongly in 2006 following years of stagnation.....	79
Total sales of 7,715 new cars in 2006 establish Peugeot Citroën as the Bulgarian market leader.....	80
Motor dealer data	81
Franchised dealership sales outlets exceed 200 in number for the first time in 2005.....	81
The limited number of sales contracts produces exceptionally high average sales per contract.....	82
Dealer survey - top level results	83
Overall point-of-sale take-up rates in Bulgaria are above the Europe-wide averages.....	83
Competitor dynamics	84
Motor insurance: three companies account for over a half of the dealer intermediated market.....	84
Manufacturer relationships	85
Motor insurance: Allianz is an official partner for the importers of eight automotive brands.....	85
Road assistance: Allianz Assistance, Interamerican Assistance and the SBA are all utilised.....	86
6.0 CROATIA	88
Introduction.....	88
Passenger vehicle data	89
Sales of used cars, including imports, are likely to have easily outgrown sales of new cars.....	89
The Opel, Renault and Volkswagen brands all hold a market share in excess of 10%.....	90
Motor dealer data	91
The number of dealer outlets peaks at 489 in 2003 but varies little over the full 2001-5 period.....	91
The sales efficiency of Croatian dealers appears low when compared to the European average.....	92
Dealer survey - top level results	93
Overall point-of-sale take-up rates in Croatia vary between new and used cars.....	93
Competitor dynamics	94
Motor insurance: Croatia Osiguranje and Allianz dominate distribution through dealerships.....	94
Manufacturer relationships	95
Motor insurance: only the importers of Mitsubishi, Opel and Seat have formal relationships.....	95
Road assistance: a majority of brands collaborate with HAK in the field of breakdown recovery.....	96
7.0 CZECH REPUBLIC	98
Introduction.....	98
Passenger vehicle data	99
Rapid growth in sales of used cars help to offset the continuing decline in sales of new vehicles.....	99
The aggregate share of sales of brands within the Volkswagen grouping remains above 50%.....	100
Motor dealer data	101
The number of franchised dealer outlets recovers from the low point reached in 2003.....	101
... although dealers are likely to become increasingly reliant upon sales of used vehicles.....	102
Dealer survey - top level results	103
Overall point-of-sale take-up rates in the Czech Republic vary between new and used cars.....	103
Competitor dynamics	104
Motor insurance: a small number of entities dominate point-of-sale provision of motor insurance.....	104
Manufacturer relationships	106
Motor insurance: the majority of brands collaborate with a panel of between three and five insurers.....	106
Road assistance: local assistance companies continue to shut out the international competitors.....	107
... although Coris claims the Fiat Group account and AXA Assistance works with Renault.....	107
8.0 DENMARK.....	109

MANUFACTURER-BRANDED AND DEALER-INTERMEDIATED MOTOR INSURANCE AND ASSISTANCE IN EUROPE

Introduction	109
Passenger vehicle data	110
Sales of both new and used passenger cars have developed strongly in recent years	110
Suzuki and Toyota push General Motors and Renault Nissan out of the top five groupings	111
Motor dealer data	112
The rate of decline in the number of franchised dealerships levels out in 2004 and 2005... ..	112
... although modest sales efficiency suggests that a further downsizing remains on the cards	113
Dealer survey - top level results	114
Overall point-of-sale take-up rates in Denmark are below the Europe-wide averages	114
Competitor dynamics	115
Motor insurance: there is little or no scope for independent insurers to sell through dealerships	115
Manufacturer relationships	116
Motor insurance: Codan, If and Topdanmark dominate partnerships for branded insurance	116
Road assistance: Dansk Autohjælp and Falck dominate manufacturer brand relationships.....	117
Falck, in particular, is keen to expand its business in Scandinavia and elsewhere in Europe.....	117
9.0 FRANCE	120
Introduction	120
Passenger vehicle data	121
France's passenger car market is seemingly ossified in terms of its sales volume and value	121
The combined share of Peugeot Citroën and Renault Nissan is declining gradually.....	122
Motor dealer data	123
The number of franchised outlets has stabilised since the 20.2% annual decline in 2002... ..	123
... with French dealerships displaying a degree of sales efficiency ahead of the European average .	124
Dealer survey - top level results	125
Overall point-of-sale take-up rates in France are below the Europe-wide averages.....	125
Competitor dynamics	126
Motor insurance: dealers focus mainly on intermediation of manufacturer-branded policies... ..	126
... with the leading finance and leasing providers having made little headway in this sector	126
Manufacturer relationships	128
Motor insurance: SATEC's ODL emerges as a new competitor in the market for branded policies... ..	128
... although numerous underwriters and brokers continue to compete for manufacturer mandates ...	128
Altima continues to work with Peugeot and Renault, the leading two automotive brands in France ...	128
April Développement has been linked to BMW and Mini since 2005... ..	128
... with the objective of offering an insurance proposition that covers every risk profile.....	128
... and with great effort having been put into improving the efficacy of the dealer sales channel	129
Road assistance: Europ Assistance / Mondial Assistance dominate manufacturer partnerships... ..	131
10.0 GERMANY	134
Introduction	134
Passenger vehicle data	135
New car sales stage a recovery in 2006 but the market for used cars continues to decline gently	135
Volkswagen Group claims nearly one in three new car registrations in 2006	136
Motor dealer data	137
The long-standing decline in franchised dealership numbers stabilises by the beginning of 2006	137
Average sales per sales contract and sales outlet have risen significantly in recent years	138
Dealer survey - top level results	139
Overall point-of-sale take-up rates in Germany are below the Europe-wide averages.....	139
Competitor dynamics	140
Motor insurance: several underwriters are cultivating the car dealership distribution channel	140
Manufacturer relationships	141
Motor insurance: captive brokers play a prominent role in manufacturer-branded insurance	141

MANUFACTURER-BRANDED AND DEALER-INTERMEDIATED MOTOR INSURANCE AND ASSISTANCE IN EUROPE

Volkswagen Versicherungsdienst made significant progress during the course of 2006...	141
... as a consequence of making several key changes to its strategic partnership with Allianz	141
... with Allianz / Frankfurter and Garanta / Nürnberger prominent in non-captive arrangements	141
Road assistance: the indigenous manufacturer groups operate their own assistance services	143
... although other competitors include ADAC, AvD, Europ Assistance and Mondial Assistance	143
11.0 GREECE	146
Introduction	146
Passenger vehicle data	147
Sales of used vehicles continue to grow in Greece although sales of new cars stagnate	147
Eight manufacturer groups claim a market share in excess of 5.0% of registrations in 2006	148
Motor dealer data	149
The number of franchised dealer outlets in Greece reaches a five-year high of 1,721 in 2005	149
Greece's unique geography is a likely cause of the country's low average sales per outlet	150
Dealer survey - top level results	151
Overall point-of-sale take-up rates in Greece are above the Europe-wide averages	151
Competitor dynamics	152
Motor insurance: Ethniki is the most frequently used non-captive provider in a fragmented market	152
Manufacturer relationships	153
Motor insurance: brokers play a prominent role in the market for branded motor insurance	153
Road assistance: Mondial Assistance and ELPA claim the majority of manufacturer relationships	155
12.0 HUNGARY	157
Introduction	157
Passenger vehicle data	158
An increase in registration taxes causes a fall in passenger car sales in both 2005 and 2006	158
Suzuki punches above its weight as a result of its local manufacturing presence	160
Motor dealer data	161
Dealership sales outlets grow overall in spite of falls in two years between 2002 and 2006	161
... resulting in a vehicle distribution channel whose efficiency is reasonable by regional standards	162
Dealer survey - top level results	163
Overall point-of-sale take-up rates in Hungary are above the Europe-wide averages	163
Competitor dynamics	164
Motor insurance: Allianz Hungária, Generali Providencia and Uniqa are the dominant suppliers	164
Manufacturer relationships	165
Motor insurance: Allianz Hungária and Generali also operate several branded schemes	165
... although a broker, Eurorisk, holds the relationship with seven manufacturer brands	165
Road assistance: Magyar Autóklub accounts for a half of manufacturer partnerships	167
13.0 IRELAND	169
Introduction	169
Passenger vehicle data	170
A boom in the volume of imported vehicles contributes to a buoyant market for used car sales	170
Toyota is Ireland's highest selling brand although the Volkswagen grouping is the overall leader	172
Motor dealer data	173
The number of franchised sales outlets remains static during 2005 following a sharp reduction	173
Average sales per sales contract in Ireland are well below the average for Europe as a whole	174
Dealer survey - top level results	175
Motor insurance is hardly ever offered to private consumers by dealerships in Ireland	175
Competitor dynamics	176
Motor insurance: car dealerships are not perceived to be a viable distribution option	176

MANUFACTURER-BRANDED AND DEALER-INTERMEDIATED MOTOR INSURANCE AND ASSISTANCE IN EUROPE

Manufacturer relationships	177
Motor insurance: few branded motor insurance schemes have been established in Ireland	177
Road assistance: the AA currently holds the highest number of manufacturer relationships	178
14.0 ITALY	180
Introduction	180
Passenger vehicle data	181
Sales of used cars breach the 3.0 million threshold in 2006 for the first time since 2003	181
... with dealers now accounting for a share of around 36.0% of used car sales	181
The Fiat grouping continues to command a share of almost one third of passenger car sales	183
Motor dealer data	184
The long decline in the number of dealership outlets reaches a trough at the end of 2004	184
... and Italian dealerships now rank alongside those in the UK in terms of sales efficiency	185
Dealer survey - top level results	186
Overall point-of-sale take-up rates in Italy are below the Europe-wide averages	186
Competitor dynamics	187
Motor insurance: Identicar, through I.Car, and other non-captive insurers have made progress	187
Manufacturer relationships	188
Motor insurance: the three Fiat Group brands offer policies underwritten by two partners	188
... although the vast majority of brands prefer to work on an exclusive basis with a single insurer	188
Road assistance: Europ Assistance and ACI Global hold Mondial Assistance at bay	190
15.0 NETHERLANDS	192
Introduction	192
Passenger vehicle data	193
The Dutch market for both new and used car sales has stagnated in recent years	193
The strong performance of Daihatsu, Kia and Mitsubishi boosts the share of smaller brands	194
Motor dealer data	195
The number of franchised dealership outlets seems likely to dip below 3,000 during 2007	195
... given that the sales efficiency of Dutch dealerships lags behind the European average	196
Dealer survey - top level results	197
Overall point-of-sale take-up rates in the Netherlands are below the Europe-wide averages	197
Competitor dynamics	198
Motor insurance: non-captive motor insurance provision appears to occur on an ad hoc basis	198
Manufacturer relationships	199
Motor insurance: Generali is linked to the brands within the Fiat and Volkswagen groupings	199
Road assistance: the ANWB accounts for over a half of relationships for breakdown recovery	200
16.0 NORWAY	202
Introduction	202
Passenger vehicle data	203
The share of total new passenger car sales attributable to fleet buyers has risen in recent years	203
The Toyota grouping challenges the Ford grouping for second position in the new car market	204
Motor dealer data	205
The sharp fall in the number of franchised outlets reaches its lowest point in 2003	205
... although apparently low sales efficiency is caused in part by Norway's peculiar geography	206
Dealer survey - top level results	207
Overall point-of-sale take-up rates in Norway are above the Europe-wide averages	207
Competitor dynamics	208
Motor insurance: If and Gjensidige are easily the most prominent non-captive underwriters	208
Manufacturer relationships	209

MANUFACTURER-BRANDED AND DEALER-INTERMEDIATED MOTOR INSURANCE AND ASSISTANCE IN EUROPE

Motor insurance: Tennant Forsikring picks up a valuable relationship in the shape of Toyota	209
Road assistance: Viking Redningstjeneste possesses by far the highest number of partnerships.....	210
17.0 POLAND	212
Introduction.....	212
Passenger vehicle data	213
2005 and 2006 see a continuation of the trend for huge volumes of used car imports in Poland	213
Consequently, the vast majority of consumers acquiring a car elect to purchase a used vehicle.....	213
Volkswagen commands a group market share in excess of 20.0% of the passenger car market.....	215
Motor dealer data	216
The number of franchised dealer outlets has stabilised but remains low in per capita terms.....	216
The emphasis for Poland's dealers will fall increasingly on the sale of used cars.....	217
Dealer survey - top level results	218
Overall point-of-sale take-up rates in Poland are above the Europe-wide averages	218
Competitor dynamics	219
Motor insurance: PZU, ERGO Hestia and Allianz continue to dominate the dealer channel	219
Manufacturer relationships	220
Motor insurance: Allianz, ERGO Hestia and PZU also dominate manufacturer partnerships.....	220
Road assistance: AXA Assistance and Pol Assistance provide competition to a dominant trio.....	222
18.0 PORTUGAL	224
Introduction.....	224
Passenger vehicle data	225
The volume of used car sales in Portugal exceeds 500,000 in each of 2005 and 2006.....	225
The Volkswagen grouping claims a position of leadership in the Portuguese market.....	226
Motor dealer data	227
The number of franchised dealership outlets has begun to increase following years of decline.....	227
... in spite of the fact that they are not particularly productive in terms of average sales per outlet	228
Dealer survey - top level results	229
Overall point-of-sale take-up rates in Portugal are below the Europe-wide averages	229
Competitor dynamics	230
Motor insurance: captive propositions still struggle to usurp independent dealer relationships	230
Manufacturer relationships	231
Motor insurance: a majority of automotive brands work with single partners for motor insurance.....	231
Road assistance: the ACP currently claims well over a half of manufacturer relationships.....	232
19.0 ROMANIA	234
Introduction.....	234
Passenger vehicle data	235
Sales of new passenger cars surge at an average rate of growth per annum of 30.2%	235
Dacia alone accounts for well over one third of new passenger car registrations in Romania.....	236
Motor dealer data	237
Booming sales of new and used cars brings about a rapid increase in the number of sales outlets ...	237
In terms of average sales per sales outlet, Romanian dealers appear to be reasonably productive ...	238
Dealer survey - top level results	239
Overall point-of-sale take-up rates in Romania are above the Europe-wide averages.....	239
Competitor dynamics	240
Motor insurance: over 50% of Romanian dealers intermediate non-captive offerings.....	240
Manufacturer relationships	241
Motor insurance: fewer than a half of the manufacturer brands surveyed have created partnerships	241
Road assistance: through Dacia Asistență, Dacia operates its own assistance service in Romania ..	242

20.0 RUSSIA	244
Introduction	244
Passenger vehicle data	245
Volumes of both new and used car sales make significant progress in Russia	245
The share of new car sales of national manufacturers slips from 79.7% in 2004 to 49.5% in 2006	247
Motor dealer data	248
Dealer survey - top level results	249
Overall point-of-sale take-up rates in Russia are above the Europe-wide averages	249
Competitor dynamics	250
Motor insurance: the vast majority of dealerships intermediate non-captive propositions only	250
Manufacturer relationships	251
Motor insurance: only a minority of brands have established approved programs thus far	251
Road assistance: breakdown recovery is organised by dealers rather than by automotive brands	252
21.0 SLOVAKIA	254
Introduction	254
Passenger vehicle data	255
A rapid expansion in imported vehicles causes sales of used cars to surge in 2005 and 2006	255
The share of new car sales of the Volkswagen grouping declined rapidly between 2004 to 2006	257
Motor dealer data	258
Over 100 new franchised dealer outlets opened over a three year period to the start of 2006	258
... although it is possible that this growth may be out of proportion relative to underlying demand	259
Dealer survey - top level results	260
Overall point-of-sale take-up rates in Slovakia are above the Europe-wide averages.....	260
Competitor dynamics	261
Motor insurance: Allianz and Kooperativa continue to dominate point-of-sale provision	261
Manufacturer relationships	262
Motor insurance: branded insurance is most commonly sourced from a panel of underwriters	262
Road assistance: Autoklub Slovakia Assistance claims a majority of the key relationships	263
22.0 SLOVENIA	265
Introduction	265
Passenger vehicle data	266
Although sales of used cars are rising, Slovenia's passenger car market is largely mature	266
The Renault Nissan grouping accounted for almost one in four new car registrations in 2006.....	267
Motor dealer data	268
The number of dealership sales outlets recovers from the low point reached in 2002	268
... although average sales per sales contract and sales outlet appear to be relatively low	269
Dealer survey - top level results	270
Overall point-of-sale take-up rates in Slovenia are close to the Europe-wide averages	270
Competitor dynamics	271
Motor insurance: dealer involvement can almost always be classified as non-captive provision.....	271
Manufacturer relationships	272
Motor insurance: only a handful of brands have appointed preferred partners in this field.....	272
Road assistance: AMZS works closely with a number of manufacturer brands in Slovenia	273
23.0 SPAIN	275
Introduction	275
Passenger vehicle data	276
The volume of used car sales finally overtakes the number of new car sales in 2005	276

MANUFACTURER-BRANDED AND DEALER-INTERMEDIATED MOTOR INSURANCE AND ASSISTANCE IN EUROPE

The comparative popularity of Seat makes Volkswagen the leading manufacturer group	277
Motor dealer data	278
Following a low point reached at the start of 2004, the number of franchised outlets has stabilised... ..	278
... with average sales per sales contract in Spain behind only the values for Bulgaria and Italy	279
Dealer survey - top level results	280
Overall point-of-sale take-up rates in Spain are below the Europe-wide averages.....	280
Competitor dynamics	281
Motor insurance: manufacturer-branded insurance is impeded by the agency status of dealers	281
Manufacturer relationships	282
Motor insurance: major brands lacking a branded proposition include Chevrolet, Honda and Toyota	282
Road assistance: RACE and Europ Assistance claim the lion's share of manufacturer mandates	284
24.0 SWEDEN	286
Introduction	286
Passenger vehicle data	287
Moderate growth in the market for new cars helps to offset virtually static sales of used cars	287
Volvo achieves more than double the sales volume of any other single brand in Sweden	288
Motor dealer data	289
Following a period of decline, the number of outlets rises by 6.9% in the year to the start of 2006... ..	289
... although measured by sales per sales outlet, dealers generate relatively low volumes	290
Dealer survey - top level results	291
Overall point-of-sale take-up rates in Sweden are above the Europe-wide averages	291
Competitor dynamics	292
Motor insurance: most dealerships concentrate on intermediating captive insurance policies	292
Manufacturer relationships	293
Motor insurance: If, including Volvia, accounts for a majority of branded insurance programs	293
Road assistance: Skade och Räddningslarm has been bought by SOS International	294
25.0 SWITZERLAND	297
Introduction	297
Passenger vehicle data	298
Sales of used cars remained virtually static in Switzerland over the 2002-6 time frame.....	298
Four manufacturer groups account for almost a half of sales of new passenger vehicles in 2006	299
Motor dealer data	300
A dull market for sales of new and used cars causes dealer sales outlet numbers to contract	300
... but sales per sales outlet in Switzerland remain chronically low relative to the European average	301
Dealer survey - top level results	302
Overall point-of-sale take-up rates in Switzerland are below the Europe-wide averages	302
Competitor dynamics	303
Motor insurance: car dealerships in Switzerland utilise a variety of operating models.....	303
Manufacturer relationships	304
Motor insurance: only a minority of manufacturer brands offer policies under their own name.....	304
Road assistance: Touring Club Suisse has accumulated 1.45 million individual customers.....	305
26.0 TURKEY	307
Introduction	307
Passenger vehicle data	308
Sales of new vehicles in Turkey fall back from the peak of 451,000 achieved in 2004	308
Renault's local manufacturing joint venture with Oyak is a key driver of its leadership position.....	309
Motor dealer data	310
Turkey registers average annual growth of 6.6% in the number of dealership sales outlets.....	310

MANUFACTURER-BRANDED AND DEALER-INTERMEDIATED MOTOR INSURANCE AND ASSISTANCE IN EUROPE

... and average sales per sales contract and sales outlet are well ahead of the European averages	311
Dealer survey - top level results	312
Overall point-of-sale take-up rates in Turkey are above the Europe-wide averages	312
Competitor dynamics	313
Motor insurance: over 40% of dealers adhere exclusively to captive insurance offerings	313
Manufacturer relationships	314
Motor insurance: only six brands collaborate with a single partner for motor insurance	314
Road assistance: Mapfre's Tur Assist and IKS claim the lion's share of manufacturer mandates	315
27.0 UKRAINE	317
Introduction	317
Passenger vehicle data	318
Sales of new passenger cars in the Ukraine surge to over 370,000 in 2006	318
Brands distributed by UkrAVTO Corporation dominate the market for new car sales	319
Motor dealer data	320
Dealer survey - top level results	321
For new cars, overall point-of-sale take-up rates in Ukraine are above the Europe-wide average	321
Competitor dynamics	322
Motor insurance: a host of underwriters are targeting dealerships as a distribution channel	322
Manufacturer relationships	323
Motor insurance: the main insurance partner of UkrAVTO Corporation is Generali Garant	323
Road assistance: Garant Assistance and SOS Service Ukraine are the frontrunners	324
28.0 UNITED KINGDOM	317
Introduction	326
Passenger vehicle data	327
Falling sales of new cars to consumers bring about a contraction in the overall market	327
... with used car sales also having diminished at an average annual rate of -0.4% since 2002	327
Solid sales of brands within the Ford grouping help to preserve its market leader status	329
Motor dealer data	330
The shrinkage in franchised dealership sales outlets in the UK is comparatively modest	330
... as the sector continues to achieve average sales per outlet far ahead of the European average	331
Dealer survey - top level results	332
Overall point-of-sale take-up rates in the UK are below the Europe-wide averages	332
Competitor dynamics	333
Motor insurance: Norwich Union is targeting the dealership channel as a non-captive provider	333
... with its focus on seven-day insurance policies that can be bundled automatically by dealers	333
Manufacturer relationships	335
Motor insurance: manufacturer-branded insurance is almost ubiquitous	335
... although there have been a number of changes in underwriting relationships since mid-2006	335
Road assistance: AA, Mondial Assistance and RAC still hold the major relationships	337
