1.0 INTRODUCTION.....	8
Finaccord	8
Rationale	8
Retailer financial services can be broken down between ‘traditional’ and ‘non-traditional’ services....	8
Retailers can take advantage of rapid growth in consumer finance and credit card markets	9
Consolidation among conventional banks provides justification for the entry of retailer banks.....	9
The evolution of the retailing market itself is also favourable to the integration of financial services...9	9
Methodology.....	10
Finaccord’s research extends to 1,895 significant retail brands in 25 European countries.	10
... and also includes interviews with both major retailers and financial services providers.....	10
