0.0 EXECUTIVE SUMMARY	1
The research is based on a survey of 1,285 major retail brands across 14 countries	2
Close to a quarter of major retail brands in the region operate their own payment card scheme.....	2
A number of fuel retailers have introduced consumer-oriented co-branded cards	2
MasterCard is involved in more than twice as many retailer co-branded cards as Visa	3
Issuers owned or controlled by BNP Paribas, GE Capital and IKANO are particularly influential	3
Nearly 40% of all major retail chains in Northern and Central Europe offer their own loyalty scheme	3
Coalition loyalty programs have taken root to one extent or another in 11 of the countries surveyed	4
The impact of the ‘credit crunch’ may have been positive for classic point-of-sale finance	4
More general retailer banking ventures are apparent only in four out of the 14 territories	4
Household and motor cover are the insurance products most frequently offered by retailers	5
The worldwide recession has affected retailers in Northern and Central Europe to varying degrees	5
Several major international retailing groups are expanding in Northern and Central Europe	6
Consumer research in Germany and the UK offers encouragement for retailers in other nations	6
Several factors are likely to drive the future development of retailer financial services	6
... including points specific to consumers, financial institutions and the retail brands themselves	7
1.0 INTRODUCTION	8
Rationale	9
Retailer financial services can be broken down between ‘traditional’ and ‘non-traditional’ services.....	9
Retailers can take advantage of changes in consumer finance and payment card markets	9
Consolidation among conventional banks provides justification for the entry of retailer banks.....	9
The evolution of the retailing market itself is also favourable to the integration of financial services.	10
Methodology	10
Finaccord’s research covers 1,285 major retail brands across Northern and Central Europe	10
Major retailers covered by the research segmented by category and by country	11
Product definitions	12
Coverage of payment cards includes credit, deferred debit, debit and rechargeable pre-paid cards ...	12
.....	12
Proprietary and coalition loyalty programs are present in a variety of different formats	12
The involvement of retail chains in the distribution of consumer credit is also considered	12
... as is their activity as distributors of mainstream consumer insurance products.....	12
Finaccord	13
2.0 REGIONAL OVERVIEW	15
Introduction	16
Retailer payment cards	18
Retailers in Denmark, Switzerland and Norway are most likely to have their own payment card	18
As a result of fuel cards, payment cards are most widespread among fuel retailing brands	19
Most fuel retailers in the region continue to focus on offering traditional fuel cards only	21
Retailer payment cards exist more frequently as credit cards than as debit or pre-paid cards.....	22
Credit and deferred debit cards are most likely to be developed through non-captive card issuers..	25
Over a quarter of the region’s retailer payment cards are linked exclusively to MasterCard	28
The strength of the main international card networks varies substantially by country	29
Initiatives attributable to BNP Paribas, GE Capital and IKANO account for over 20% of programs..	32
Proprietary retailer loyalty programs	33

RETAILER FINANCIAL SERVICES IN NORTHERN AND CENTRAL EUROPE

In relative terms, proprietary programs are most common in Austria, Slovakia and Lithuania	33
Department stores display an especially high propensity to develop their own loyalty schemes	34
More than a quarter of all proprietary loyalty programs identified are linked to a payment card	35
Coalition loyalty programs	38
Retail chain participation in coalition loyalty schemes is most advanced in Estonia and Finland.....	38
... and among speciality retail brands, followed by department store chains	40
Consumer finance / personal loans	41
Classic point-of-sale finance is most common in Poland, Germany and Slovakia	41
Retailers of furniture and household goods are most likely to make consumer loans available	42
Captive lending institutions are active in seven of the 14 countries considered in the region	43
Banking products	46
Retailer involvement in mainstream banking is apparent in only four countries in the region	46
Captives and joint ventures	48
Captive retailer finance arms can be of significant interest to mainstream banking institutions.....	48
Insurance	52
Retail brands are active in promoting insurance in six of the 14 countries investigated.....	52
Household and motor policies are the most frequently offered forms of retailer insurance	54
Supermarkets and department stores benefit from high 'footfall' and burgeoning e-commerce	55
Captive brokers play a significant role in Germany but not in other countries in the region	57
International remittance services	65
Major retailers in six countries offer in international remittance services	65
There are around 18.04 million international migrants in Northern and Central Europe... ..	66
... generating international remittance outflows worth in excess of US\$46 billion... ..	67
... with the value of outflows per international migrant highest in Norway	68
The evidence of consumer research in Germany and the UK.....	69
Supermarkets and other retailers are influential in Germany for certain financial products... ..	69
... most notably personal loans / consumer finance and credit cards... ..	69
... although there is little evidence to suggest that consumers will use them to buy insurance	69
In contrast, retail brands are significant for various types of insurance in the UK... ..	71
... with their distribution share apparently highest for pet insurance	71
3.0 AUSTRIA	73
Introduction	74
Retailer payment cards	75
Retailer-owned card issuers dominate Austria's payment card market	75
Proprietary retailer loyalty programs	78
More than half of Austrian retailers have their own loyalty program	78
Coalition loyalty programs	79
Coalition loyalty schemes are comparatively rare in Austria	79
Consumer finance / personal loans	80
