TABLE OF CONTENTS

0.0 EXECUTIVE SUMMARY	2
Residents of these ten countries made 156 million foreign trips in 2008	2
Frequency of travel is lowest in Poland and highest in Norway	3
Trips to EU and other European countries make up nearly 80% of foreign travel.....	3
The market for travel insurance in Northern and Central Europe was worth €1.21 billion in 2008... ..	3
... generated by 36.7 million policies... ..	4
...of which 27% are annual ones	4
Only two companies are strong across the region, with major national competitors in Central Europe	4
84% of travel trade companies distribute travel insurance	4
Direct sales are the main alternative to travel trade distribution.....	5
Economic recovery is forecast to revive the travel insurance market from 2010.....	5
The trend towards annual policies is forecast to pause during the recession.....	6
Lack of growth in premium income will encourage innovation in order to increase market share.....	6
1.0 INTRODUCTION	8
Finaccord	8
PartnerBASE™	9
Rationale	9
This report breaks new ground by extending its coverage to new countries	9
Methodology	10
Finaccord’s research extends to 1,562 significant travel entities in Europe... ..	10
... and also takes in interviews with providers of travel insurance and assistance.....	10
Travel insurance and assistance: how it all fits together	12
The term ‘travel insurance’ refers to cover for a heterogeneous range of risks	12
Assistance companies play a fundamental role in the travel insurance industry... ..	12
... with several having established a genuinely international assistance network.....	13
2.0 REGIONAL OVERVIEW	15
Introduction	15
Underlying travel market	16
Tourism by German residents accounts for over half of all travel from Northern and Central Europe... ..	16
... so a decline in their foreign travel offsets growth elsewhere in the region.....	16
Denmark, Norway and Switzerland saw the fastest growth in foreign travel	16
... implying that saturation has not yet been reached for travel abroad	16
Joining the EU in 2004 did not stimulate tourism in the accession countries.....	16
Poland trails behind for visits abroad per capita.....	18
Frequency of travel depends on wealth	19
Over a fifth of trips made by Slovakian, Austrian and Norwegian residents are for business.....	21
Growth in holiday travel has been faster than for business tourism	22
Nearly three-quarters of trips abroad are to EU countries.....	24
Polish tourists have become much more adventurous in the past five years	26
Travel insurance and assistance	28
<i>Market size by premiums and policies</i>	28
Policy volumes fell while premiums rose because of a shift towards annual travel insurance.....	28

TRAVEL INSURANCE AND ASSISTANCE IN NORTHERN AND CENTRAL EUROPE

Travel insurance in Germany and Sweden is restricted by competition from alternative products ...	30
Every country in the region saw premiums rise between 2004 and 2008	32
... with five of these markets growing by more than 10% annually	32
Annual policies are on the rise in most countries, but are still held back in Germany and Sweden ..	34
<i>Market metrics</i>	36
Norway leads by a large margin for premiums per head and per trip.....	36
Poland has the highest rate of travel insurance policies sold per trip thanks to legal requirements ..	38
Competitor analysis	40
<i>Travel trade overview</i>	40
Just two international companies dominate travel insurance and assistance in this region	40
... with ETI Group as the leading insurer for the travel trade in Northern and Central Europe	40
More than 80% of travel entities sell travel insurance and assistance	41
The top two international insurers control 60% of single partnerships across the region	43
... but lose out to local providers in central Europe	44
Market concentration for single partnerships is highest in Switzerland ..	45
... leaving little room for brokers or multiple partners	47
Touristik Assekuranz is the leading broker in the region - and is also part of the ETI Group	47
Multiple partnerships open the market a fraction	47
<i>Travel agents and tour operators</i>	50
Nearly all travel agents and tour operators sell travel insurance.....	50
<i>Airlines</i>	51
ELVIA / Mondial Assistance overtakes ETI Group for airline partnerships	51
A third of Europ Assistance's single partnerships in this region are with airlines	51
<i>Ferry / railway operators</i>	53
Railway partners include the region's only captive ..	53
<i>Online travel portals</i>	54
All portals that distribute travel insurance and assistance use a single partner ..	54
... with 78% of these partners drawn from the three main international travel insurers	54
<i>Student / gap year specialists</i>	56
HanseMercur is the only insurer with more than one partnership in this sample.....	56
Distribution channels	57
<i>Overview</i>	57
Four stages of distribution channel development are identifiable ..	57
<i>Bank distribution</i>	59
Finaccord investigated the distribution of stand-alone travel insurance by more than 400 banks	59
No Swedish bank offers stand-alone travel insurance, compared to nearly half of Norwegian banks	59
<i>Packaged distribution with payment cards and bank accounts</i>	61
Travel cover is packaged with banking products where it is not offered as a stand-alone product ..	61
... especially by banks in Austria, Sweden and Switzerland.....	61
Forecasts for travel insurance and assistance	64
Denmark and Hungary have the best prospects for medium-term growth ..	64
... although competition and recession pose risks to these markets.....	64
Low growth in premiums will encourage competition for market share through innovation	64
Finaccord expects that Germany and Sweden will continue to lag behind ..	65
... while the recession will slow the rise of annual policies.....	66
3.0 AUSTRIA	70
Underlying travel market	70
Business trips have risen faster than holiday and leisure trips.....	70
Austrian residents travel to European countries outside the EU more than average	72
Travel insurance and assistance	73
<i>Market size</i>	73

TRAVEL INSURANCE AND ASSISTANCE IN NORTHERN AND CENTRAL EUROPE

Foreign health insurance reduces the demand for comprehensive annual travel cover	73
<i>Distribution channel overview</i>	76
The travel trade and specialist insurers dominate distribution	76
<i>Travel trade distribution</i>	76
Europäische and Mondial Assistance are hardly challenged by smaller competitors	76
Nearly two million Austrians are covered through Europäische Reiseversicherung	76
<i>Bank distribution</i>	78
A small number of Austria's banking networks offer stand-alone travel insurance policies	78
Packaged distribution with payment cards and bank accounts	80
Comprehensive travel cover linked to payment cards is an important aspect of the Austrian market ..	80
.....	80
<i>Direct / broker distribution</i>	81
Online sales are led by the travel insurance specialists	81
<i>Affinity / alternative distribution</i>	81
Forecasts	82
The pace of growth from 2008 to 2012 is forecast to be half that of 2004 to 2008.....	82
4.0 CZECH REPUBLIC	85
Underlying travel market	85
Travel abroad has recovered after a dip in 2006, thanks to holiday visitors.....	85
Czech travellers are the least likely to leave Europe	87
Travel insurance and assistance	88
<i>Market size</i>	88
The rising volume of foreign travel has lifted the travel insurance market in the Czech Republic	88
<i>Distribution channel overview</i>	90
Direct selling by the Internet and bank branch distribution threaten travel trade sales.....	90
<i>Travel trade distribution</i>	90
Evropská Cestovní Pojišťovna and Česká Pojišťovna are the foremost suppliers to the travel trade	90
.....	90
Evropská Cestovní Pojišťovna achieved premium income of €9.1 million in 2007	90
<i>Bank distribution</i>	92
Stand-alone travel insurance policies are offered by a large number of banks in the Czech Republic.	92
.....	92
<i>Packaged distribution with payment cards and bank accounts</i>	95
Many payment cards in the Czech Republic carry comprehensive travel insurance	95
<i>Direct / broker distribution</i>	96
UNIQA sells travel insurance by SMS as well as by the Internet.....	96
<i>Affinity / alternative distribution</i>	96
High levels of competition make the travel market difficult territory for affinity distribution	96
Forecasts	97
Česká pojišťovna has responded to the recession by extending cover to loss of employment.....	97
5.0 DENMARK	100
Underlying travel market	100
Rapid growth in foreign travel has slowed since 2006	100
Danish residents make nearly a million trips outside Europe each year	102
Travel insurance and assistance	103
<i>Market size</i>	103
Growth in foreign visits has fuelled the travel insurance and assistance market.	103
... along with reforms to the insurance offered by the 'Yellow Card' from 1 January 2008.....	103
<i>Distribution channel overview</i>	105
The travel trade and direct distribution are key distribution channels	105

TRAVEL INSURANCE AND ASSISTANCE IN NORTHERN AND CENTRAL EUROPE

<i>Travel trade distribution</i>	105
Europæiske Rejseforsikring is the dominant provider through the travel trade	105
<i>Bank distribution</i>	107
20% of banks in Denmark offer stand-alone travel insurance	107
Packaged distribution with payment cards and bank accounts	109
Comprehensive travel cover packaged with payment cards is relatively common in Denmark	109
<i>Direct / broker distribution</i>	110
The specialist travel insurers are maximizing the potential of the Internet	110
<i>Affinity / alternative distribution</i>	110
Europæiske Rejseforsikring provides travel insurance through the FDM's travel agency	110
Forecasts	111
Reforms to public health insurance are forecast to increase demand for private travel cover	111
... but stand-alone travel policies could be at risk from packaged home and travel insurance	111
6.0 GERMANY	114
Underlying travel market	114
The travel market in Germany is huge but stable	114
Turkey accounts for a third of trips to non-EU Europe	116
Travel insurance and assistance	117
<i>Market size</i>	117
Stand-alone health policies constitute half the market by number of policies	117
... and tend to depress the total value of premiums paid by German tourists	118
<i>Distribution channel overview</i>	120
The travel trade dominates distribution, despite the rise of annual policies and online sales	120
<i>Travel trade distribution</i>	120
The vast majority of travel trade entities in Germany offer travel insurance	120
... while in terms of the outright number of partnerships the market is undergoing a transformation	120
HanseMerkur's gross written premiums reached €100 million for the first time in 2008	121
Makler der Touristik (MTD) is likely to focus on deals with smaller travel agents in the future	121
<i>Bank distribution</i>	123
Half the banks that offer travel insurance only offer foreign health cover	123
... with Union, DEVK and R+V holding the majority of these deals	123
HanseMerkur has established partnerships with some of the larger savings banks	123
Trip cancellation insurance accounts for more than 80% of URV's gross written premiums	123
<i>Packaged distribution with payment cards and bank accounts</i>	128
Travel cover packaged with payment cards is not especially common in Germany	128
<i>Direct / broker distribution</i>	129
Victoria Versicherung and Allianz distribute the travel policies of their subsidiaries	129
<i>Affinity / alternative distribution</i>	129
Automotive associations and retailers lead the way for affinity distribution	129
Forecasts	130
A stagnant market in terms of premium income will prompt product and distribution innovation ...	130
7.0 HUNGARY	133
Underlying travel market	133
Trips abroad by Hungarian residents have fallen faster than in any other major European country	133
.....	133
Hungarian travellers rarely leave Europe	135
Travel insurance and assistance	136
<i>Market size</i>	136
Premiums have risen while policy numbers fell in Hungary from 2004 to 2008	136

TRAVEL INSURANCE AND ASSISTANCE IN NORTHERN AND CENTRAL EUROPE

Distribution channel overview	138
The traditional travel trade remains the dominant channel in Hungary	138
<i>Travel trade distribution</i>	138
Multiple partnerships are more common than usual, although single partnerships still dominate..	138
...with QBE Atlasz emerging as the underwriter with the highest number of partnerships	138
<i>Bank distribution</i>	140
A minority of Hungarian banks offers stand-alone travel insurance policies	140
<i>Packaged distribution with payment cards and bank accounts</i>	142
A substantial number of payment cards in Hungary include comprehensive travel insurance	142
<i>Direct / broker distribution</i>	143
Many of the larger multi-line insurers have introduced fairly comprehensive travel policies... ..	143
<i>Affinity / alternative distribution</i>	143
Affinity marketing of personal non-life insurance, in general, remains at an embryonic stage.....	143
Forecasts	144
Sales of stand-alone travel may reach 1.5 million by 2012	144
8.0 NORWAY	147
Underlying travel market	147
Tourism abroad has risen in Norway every year from 2004 to 2008	147
EU countries dominate Norwegian travellers' destinations	149
Travel insurance and assistance	150
<i>Market size</i>	150
High prices and high frequency of travel make the Norwegian market the largest per person.....	150
<i>Distribution channel overview</i>	152
The predominance of annual policies works against the travel trade channel.....	152
<i>Travel trade distribution</i>	152
Europeiske dominates distribution through the travel trade	152
<i>Bank distribution</i>	154
About half of Norwegian banks are active in the sale of stand-alone travel insurance policies	154
<i>Packaged distribution with payment cards and bank accounts</i>	156
Travel cover packaged with payment cards is usually comprehensive.....	156
<i>Direct / broker distribution</i>	157
Travel insurance is offered directly to consumers by all of Norway's major insurance firms.....	157
<i>Affinity / alternative distribution</i>	157
The Norges Automobil-Forbund packages travel insurance with its payment card.....	157
Forecasts	158
The boom in travel insurance of 2004-08 is forecast to be followed by slow but steady growth....	158
9.0 POLAND	161
Underlying travel market	161
Business tourism shrank while holiday trips rose, 2004 to 2008	161
Polish travellers are rapidly becoming more adventurous.....	163
Travel insurance and assistance	164
<i>Market size</i>	164
The number of policies sold has changed little since 2004	164
<i>Distribution channel overview</i>	166
Traditional travel trade distributors account for about half stand-alone travel insurance in Poland	166
<i>Travel trade distribution</i>	166
Signal Iduna has established itself as the leading provider of travel insurance to the travel trade... ..	166
.....	166
... after which the competition fragments rapidly	166
Travel insurance is the main source of revenue for Signal Iduna in Poland	166

TRAVEL INSURANCE AND ASSISTANCE IN NORTHERN AND CENTRAL EUROPE

<i>Bank distribution</i>	168
The number of Polish banks offering stand-alone travel insurance has increased significantly... ..	168
...with PZU and Generali / Europ Assistance accounting for the bulk of the agreements.....	168
<i>Packaged distribution with payment cards and bank accounts</i>	171
More than a third of payment cards in Poland carry comprehensive travel insurance	171
<i>Direct / broker distribution</i>	172
The major non-life insurers all market travel policies through their agency networks.....	172
<i>Affinity / alternative distribution</i>	172
Alternative channels do not yet challenge the traditional distributors	172
Forecasts	173
Annual policies will struggle because travel insurance is automatically included in holiday bookings	173
10.0 SLOVAKIA	176
Underlying travel market	176
Growth in travel abroad by Slovak residents has been volatile.....	176
Slovak residents travel to the 'rest of the world' more than other countries in the region	178
Travel insurance and assistance	179
<i>Market size</i>	179
The number of travel policies sold has yet to break through the million mark.....	179
<i>Distribution channel overview</i>	181
The predominance of single trip policies favours the travel trade	181
<i>Travel trade distribution</i>	181
Travel trade entities commonly source travel insurance from only one partner.....	181
Union Poist'ovňa has established a leadership position in the Slovakian travel insurance market.	181
<i>Bank distribution</i>	183
More than a third of banks offer travel insurance on a stand-alone basis... ..	183
Packaged distribution with payment cards and bank accounts	185
It is very common for payment cards in Slovakia to include travel insurance	185
<i>Direct / broker distribution</i>	186
Portals and brokers have joined the direct insurers for online distribution	186
<i>Affinity / alternative distribution</i>	186
Forecasts	187
Annual policies are expected to grow as foreign travel rises - and as insurers promote it more ...	187
11.0 SWEDEN	190
Underlying travel market	190
Holiday trips abroad by Swedish residents were lower in 2008 than in 2004	190
Swedish residents are most likely to leave the EU	192
Travel insurance and assistance	193
<i>Market size</i>	193
Stand-alone travel insurance policies have a limited market in Sweden.....	193
... because household insurance and most payment cards carry travel cover	193
<i>Distribution channel overview</i>	195
Online sales by direct insurers are taking share from travel agents and tour operators.....	195
<i>Travel trade distribution</i>	195
The proportion of travel trade entities offering travel insurance has grown over the last three years....	195
.....	195
While Europeiska remains dominant, its position is not unchallenged	195
<i>Bank distribution</i>	197
Banks in Sweden see no reason to offer travel insurance on a stand-alone basis	197
Packaged distribution with payment cards and bank accounts	197

TRAVEL INSURANCE AND ASSISTANCE IN NORTHERN AND CENTRAL EUROPE

A majority of payment cards give their holders comprehensive travel insurance	197
<i>Direct / broker distribution</i>	199
Internet sales are gaining share, but cannot easily grow the total market.....	199
<i>Affinity / alternative distribution</i>	199
Alternative channels have not found a space in the limited stand-alone travel insurance market..	199
Forecasts	200
Stand-alone, single trip policies may be vulnerable to the recession	200
12.0 SWITZERLAND	203
Underlying travel market	203
Travel abroad by Swiss residents peaked in 2007	203
Surrounded by Austria, France, Germany and Italy, Swiss residents make most trips to the EU..	205
Travel insurance and assistance	206
<i>Market size</i>	206
Increased demand for annual policies has caused a retreat in the market for single trip cover	206
<i>Distribution channel overview</i>	208
The distribution of travel insurance has fragmented between several competing channels	208
<i>Travel trade distribution</i>	208
Most travel agents and tour operators offer travel insurance in conjunction with a single partner..	208
... with the two dominant underwriters being hardly challenged in terms of the number of deals ...	208
Touring Club Schweiz is the largest provider of annual travel insurance policies in Switzerland ...	208
<i>Bank distribution</i>	210
Only a small number of banks market stand-alone travel insurance to their customers	210
<i>Packaged distribution with payment cards and bank accounts</i>	212
Payment cards are more likely to include travel accident insurance than comprehensive travel cover	212
<i>Direct / broker distribution</i>	213
Travel insurance specialists lead the way for online distribution.....	213
<i>Affinity / alternative distribution</i>	213
The Touring Club Schweiz is the most important affinity distributor	213
Forecasts	214
Premium income in 2012 is expected be a little higher than in 2008, after dipping in 2009-2010..	214
