TABLE OF CONTENTS

0.0 EXECUTIVE SUMMARY	2
<i>Combined, accident and health insurance premiums were worth €87.9 billion in 2005.....</i>	<i>2</i>
<i>... with a significant proportion of banks active in promoting both individual and group policies.....</i>	<i>2</i>
<i>In most territories, bancassurers appear to be growing their share for this branch of insurance</i>	<i>3</i>
<i>German banks continue to display an overwhelming preference for tied agency distribution.....</i>	<i>3</i>
<i>Use of brokerage models is fairly common in Austria, the Netherlands and Spain.....</i>	<i>3</i>
<i>... with captive insurers to the fore in Belgium, France, the Netherlands and Portugal.....</i>	<i>3</i>
<i>Austria: a significant proportion of banks display a preference for broker-oriented solutions.....</i>	<i>4</i>
<i>Belgium: bank-owned insurers make important advances in both accident and health insurance.....</i>	<i>4</i>
<i>France: bancassurers account for more than three quarters of sales of GAV policies.....</i>	<i>4</i>
<i>Germany: the ossified nature of distribution partnerships may be stifling innovation.....</i>	<i>4</i>
<i>Italy: bancassurers must seek to grow the under-developed accident and health insurance market.....</i>	<i>4</i>
<i>Netherlands: for group schemes, several of the major banking networks distribute third party policies... </i>	<i>5</i>
<i>Nordic region: many banks market policies targeted specifically at children and students.....</i>	<i>5</i>
<i>Portugal: bank-owned insurers account for more than 60% of total non-life insurance premiums</i>	<i>5</i>
<i>Spain: BBVA and Sanitas set ambitious targets for their new health insurance partnership.....</i>	<i>5</i>
<i>UK / Ireland: HSBC and CIGNA combine to sell health insurance to small and medium-sized firms.....</i>	<i>5</i>
<i>Bancassurers will play a growing role in intermediation of accident and health insurance in Europe.....</i>	<i>6</i>
<i>... although their participation in this field must be characterised both by simplicity and innovation.....</i>	<i>6</i>
<i>Opportunities can be expected to arise for both insurance underwriters and assistance providers</i>	<i>6</i>
1.0 INTRODUCTION	8
Finaccord.....	8
Creditor insurance	8
Mobile telephone insurance.....	9
Travel insurance	9
PartnerBASE™	9
Rationale.....	10
The advance of banks in life insurance and retirement savings is amply documented... ..	10
... although this report offers the first in-depth review of activity in accident and health insurance	10
Methodology	10
The research is based on a sample of 670 banks serving retail customers... ..	10
... and a second survey of 370 banks serving business customers to cover group schemes	12
Definitions	13
2.0 EUROPEAN OVERVIEW	15
Introduction.....	15
Market size and segmentation	16
Gross premiums written advance at an annual average rate of 7.4% between 2001 and 2005.....	16
The launch of GAV policies establishes France as Europe's largest accident insurance market.....	17
Germany accounts for almost 50% of health insurance premiums across the territories considered.....	18
Penetration rates	19
<i>Individual accident insurance.....</i>	<i>19</i>
Banks in the UK and Ireland focus on loan-related policies rather than 'general purpose' policies	19
<i>Individual health insurance</i>	<i>21</i>

Over 40% of retail banks in Europe promote health insurance to their customers	21
<i>Group accident insurance</i>	22
Business banks in Austria and Germany are most likely to market group accident policies... ..	22
<i>Group health insurance</i>	23
... with their counterparts in Spain displaying a growing interest in selling group health schemes	23
Operating models	24
<i>Individual accident and health insurance</i>	24
The use of captive insurers is most prevalent in Belgium, France, the Netherlands and Portugal	24
<i>Group accident and health insurance</i>	26
Broker models play virtually no part in bank-oriented distribution in Germany or the Nordic region	26
3.0 AUSTRIA	29
Introduction to the banking sector	29
The Austrian retail banking market remains comparatively fragmented	29
Bank Austria Creditanstalt serves 1.8 million customers in its domestic market	29
The Austrian Federation of Trade Unions assumed 100% ownership of BAWAG PSK in 2004	29
Like its rivals, Erste Bank has ambitious growth plans in Central and Eastern Europe	29
RZB ultimately supports 571 autonomous local credit co-operatives	29
Many other banks operate at a local or regional level within Austria.....	30
... including several institutions whose primary focus lies on retail lending	30
Market overview	31
Gross premiums written for accident and health insurance breach the €2 billion mark in 2005.....	31
Bancassurance	32
Taken at face value, Austrian banks appear to have had limited success in non-life insurance... ..	32
... although much of their business is intermediated by internal and external brokers	32
Survey results	32
<i>Accident insurance - individual policies</i>	33
In spite of its name, Raiffeisen Versicherung is actually controlled by Uniqa	33
Several banks possess their own internal brokerage.....	33
BAWAG Versicherung is the captive provider to banks within the BAWAG grouping	33
<i>Health insurance - individual policies</i>	35
VMG Erste Bank Versicherungsmakler is an internal brokerage serving some savings banks... ..	35
... while Raiffeisen Versicherungsmakler is often used by the raiffeisenbanken	35
<i>Accident insurance - group policies</i>	37
A majority of business banks source group accident insurance through a broker model... ..	37
... although Sparkassen Versicherung is the captive supplier to the Austrian savings banks.....	37
<i>Health insurance - group policies</i>	39
Only Volkskreditbank maintains links with a single underwriter for group health insurance schemes	39
Competitor analysis	40
Both Raiffeisen Versicherung and Porsche Versicherung achieve strong premium growth... ..	40
Raiffeisen Versicherung and Sparkassen Versicherung advance strongly in accident insurance.....	41
4.0 BELGIUM	43
Introduction to the banking sector	43
In spite of substantial restructuring, Belgium's banking market remains crowded	43
Dexia, Fortis, ING and KBC lead the way... ..	43
... although numerous medium-sized and small banking ventures challenge their dominance.....	43
Market overview	45
Health insurance grows at an annual average three times higher than accident insurance.....	45
Bancassurance	46
Bank branches gain ground across most forms of non-life insurance in Belgium... ..	46
... and the share of bank-owned insurers in both accident and health insurance is substantial	46

Survey results	46
<i>Accident insurance - individual policies</i>	47
Less than a third of retail banks in Belgium offer accident insurance to individual customers.....	47
Delta Lloyd Bank has linked with Assurax, an on-line broker, for a variety of insurance products.....	47
<i>Health insurance - individual policies</i>	49
DKV maintain exclusive links for individual health insurance with both BKCP and Europa Bank.....	49
<i>Accident and health insurance - group policies</i>	50
Three of the four main business banks in Belgium offer group accident and health insurance.....	50
<i>Competitor analysis</i>	51
Belgium's bank-owned insurance companies continue to make progress in non-life insurance.....	51

5.0 FRANCE.....**53**

Introduction to the banking sector.....**53**

Mutual and co-operative banks continue to play a substantial role in French retail banking... ..	53
... albeit merger and acquisition activity have changed the landscape in recent years.....	53
Most foreign entrants fail to make significant headway in the problematic French market.....	53
... with Abbey, Egg and San Paolo IMI having all withdrawn completely.....	54
Specialised lenders also play an important role in French retail banking.....	54
... as do financial services firms belonging to some of the country's largest retailing groups.....	54
The Crédit Municipal institutions: specialising in low value loans charging low interest rates.....	55
La Poste is playing an increasingly important part in the French retail financial services scene.....	55

Market overview.....**56**

Gross premiums written for health insurance overtake those for accident insurance in 2005.....	56
The GAV policy: another bancassurance success story for France?.....	56
The GAV policy was formulated to cover the annual average of eight million domestic accidents.....	56
... and extends to injuries incurred as a result of sporting or leisure activities.....	57
The French insurance industry acted collectively to develop the market for GAV policies... ..	57
... although there is potential for insurers to customise their own products in a variety of ways.....	57
The GAV market has developed rapidly since its inception at the end of 2000.....	57
... and is particularly suited to sale through the face-to-face channel offered by bancassurers.....	58
Bancassurance.....	58
French banks have achieved only modest growth in non-life insurance in more recent years.....	58

Survey results.....**59**

<i>Accident insurance - individual policies</i>	59
Individual accident insurance is commonly offered through the bancassurance channel... ..	59
.... with four of the major banking groups underwriting accident policies through captive firms.....	59
AIG's bancassurance deals for personal accident policies are with Banque Accord and Diners Club... ..	59
<i>Health insurance - individual policies</i>	61
Several major banks have thus far eschewed developed of individual health insurance policies.....	61
<i>Accident and health insurance - group policies</i>	62
French banks have virtually no involvement whatsoever in the distribution of group schemes.....	62

Competitor analysis.....**63**

Almost all bank-owned insurers in France are expanding their share of non-life insurance... ..	63
... with Crédit Agricole's Pacifica leading the way in accident and health insurance.....	64

6.0 GERMANY.....**66**

Introduction to the banking sector.....**66**

Commercial banks struggle in the face of savings bank and credit co-operative competition.....	66
Germany's savings banks: continuing adherence to public sector insurers remains the norm.....	66
R&V is able to meet virtually all the insurance needs of credit co-operative customers.....	67
Foreign entrants show that reasonable returns can be generated from German retail banking.....	67
Germany's crowded banking sector provides other feasible bancassurance opportunities.....	67

Market overview	69
Gross premiums written for health insurance in Germany reach €27.14 billion in 2005... ..	69
... with between 80% and 90% of the accident insurance market attributable to consumers	69
Bancassurance.....	70
The distribution share of banks in total non-life insurance is unlikely to exceed 10%	70
Survey results.....	70
<i>Accident insurance - individual policies.....</i>	<i>71</i>
Personal accident insurance is widely offered to consumers by banks in Germany.....	71
Dortmunder Volksbank is a rarity among co-operatives by linking with a private sector insurer	71
Neue Leben is a joint venture involving Talanx and several savings banks	71
Talanx is also the co-owner of underwriters used by both Citibank and Postbank	71
<i>Health insurance - individual policies</i>	<i>74</i>
Over 60% of retail banks in Germany are active in the provision of individual health insurance	74
... with Union Krankenversicherung dominating distribution through public sector savings banks.....	74
... and with DKV having begun distributing through Postbank Vermögensberatung in March 2005.....	74
<i>Accident insurance - group policies.....</i>	<i>76</i>
The vast majority of banks serving business customers also offer group accident insurance	76
... with some variations visible in the underwriters used relative to individual accident policies.....	76
<i>Health insurance - group policies</i>	<i>78</i>
German banks also prefer an exclusive link with a single underwriter for group health schemes	78
Competitor analysis.....	80
R&V Versicherung outgrows its public sector rivals by a considerable margin	80
Direct Line expands its business although the pace of change in Germany is slow	80
Only R&V Versicherung and CIV Versicherung make significant progress in accident insurance	82
... although all bank-oriented providers of health insurance gain market share in health insurance	83
7.0 ITALY.....	85
Introduction to the banking sector.....	85
Consolidation and rationalisation change the face of retail banking in Italy... ..	85
... with a fast-growing second tier of banks ready to challenge the big six groups	85
Acquisitions by ABN AMRO and BNP Paribas open the way to further foreign entrants... ..	86
... although some have gained exposure already through joint ventures in consumer finance	86
Smaller specialised lenders service the market for cessione del quinto loans	87
Market overview	88
Gross premiums written for accident and health insurance advance at an annual average of 5.0%... ..	88
... with around two thirds of the market attributable to individual as opposed to group policies.....	88
Bancassurance.....	89
Italy's non-life bancassurance channel shows stronger signs of development in 2005... ..	89
... although its aggregate distribution share falls short of 3% for both accident and health policies	89
Banks in Italy are likely to grow their distribution share of both accident and health insurance.....	89
Survey results.....	89
<i>Accident insurance - individual policies.....</i>	<i>90</i>
Individual accident is often sold in conjunction with lending products, such as mortgages	90
Arca Assicurazioni, Cattolica Assicurazioni and RAS lay claim to several partnerships in this field... ..	90
... while Union Vita, an underwriter belonging to AIG, has linked with Bancoposta and Fidelity	90
Banca Carige, BPU Banca, Monte dei Paschi di Siena and San Paolo IMI each utilise captives.....	91
... and several smaller banks maintain a panel of insurers for personal accident insurance	91
<i>Health insurance - individual policies</i>	<i>93</i>
Bank distribution of individual health insurance is similar to that for personal accident insurance	93
<i>Accident insurance - group policies.....</i>	<i>94</i>
Fewer than 50% of banks serving business customers in Italy offer group accident insurance	94
... albeit many that are active in this domain have opted for brokerage distribution systems	94
<i>Health insurance - group policies</i>	<i>96</i>

EUROPEAN NON-LIFE BANCASSURANCE: ACCIDENT AND HEALTH INSURANCE

Bank participation in marketing group health schemes is less than for group accident insurance.....	96
Competitor analysis	97
Banca Carige possesses the largest bank-owned non-life bancassurer in Italy.....	97
... although smaller underwriters operating in this field are achieving more rapid growth.....	97
Bank-owned underwriters make steady progress in Italy's accident insurance market.....	99
... and their development in health insurance shows real promise.....	100
Monte dei Paschi di Siena: using accident and health insurance to enhance customer loyalty.....	101
8.0 NETHERLANDS	103
Introduction to the banking sector	103
Three financial services giants dominate retail banking in the Netherlands... ..	103
... albeit a number of smaller institutions fulfil specialist roles in the Dutch market.....	103
Market overview	104
Average annual growth in gross premiums written exceeds 10% over the 2001-5 period.....	104
Bancassurance	105
Bank branches distribute around 11.0% of all non-life insurance policies in the Netherlands.....	105
Survey results	105
<i>Accident insurance - individual policies</i>	106
Few banks offer accident insurance that is not linked explicitly to retail lending products... ..	106
<i>Health insurance - individual policies</i>	108
... and individual health insurance is even less likely to be viewed a viable bancassurance concept.	108
Rabobank: increasingly realising sales of accident and health insurance through remote channels...	108
Accident and health insurance - group policies.....	110
Both ING Bank and Rabobank sometimes source policies from external underwriters.....	110
Competitor analysis	111
Combined banking and insurance groups account for over 25% of total non-life premiums.....	111
... with Interpolis recording particularly strong growth in accident and health insurance.....	113
9.0 NORDIC REGION	115
Introduction to the banking sector	115
Four pan-Scandinavian banking institutions battle against mainly smaller national competitors.....	115
Danske Bank: the bank lays claim to 465 branches across its five main countries of operation.....	115
Handelsbanken: expansion in the Nordic region achieved through organic growth and acquisitions..	115
Nordea: a leading financial services group in the Nordic and Baltic regions.....	115
SEB: strategic acquisitions fuel expansion across Northern Europe.....	115
Denmark: GE Money Bank and a series of smaller banks provide the competition.....	116
Norway: Den norske Bank has shielded itself from takeover by merging with Gjensidige.....	116
Sweden: FöreningsSparbanken lays claim to 4.1 million retail banking clients in Sweden... ..	116
... although the incumbents are being challenged by both retailer banks and foreign entrants.....	116
Market overview	117
Gross premiums written for accident and health insurance breach the €2 billion mark in 2005.....	117
Bancassurance	118
Bank sales of accident and health insurance are greater than other forms of non-life insurance.....	118
Survey results	118
<i>Accident insurance - individual policies</i>	119
Two thirds of the Nordic region's retail banks promote individual accident insurance.....	119
Cardif Pinnacle has engineered a strong position for itself among Sweden's savings banks... ..	119
... although a clutch of other underwriters lay claim to one exclusive bank partnership each.....	119
Policies designed specifically for children and / or students are commonly marketed by banks.....	119
<i>Health insurance - individual policies</i>	121
Individual health insurance registers a similar rate of provision in the bank distribution channel.....	121
<i>Accident insurance - group policies</i>	123

Nordic banks offering group accident insurance generally do so through a single, external partner ...	123
<i>Health insurance - group policies</i>	125
Fewer than half of business banks survey are active in the marketing of group health policies	125
Competitor analysis	127
Topdanmark's Danske Forsikring cedes market share of total non-life insurance in Denmark.....	127
Terra Skadeforsikring comfortably outpaces Sparebank 1 Skadeforsikring, its larger rival	127
10.0 PORTUGAL	129
Introduction to the banking sector	129
Foreign entrants exert a strong influence of the development of the banking market.	129
... with many specialised lending firms belonging to overseas parents	129
Market overview	130
Gross premiums written for accident and health insurance reach €1.31 billion in 2005	130
Bancassurance	130
Portuguese bancassurance benefits from bank ownership of several of the largest insurers	130
Survey results	131
<i>Accident insurance - individual policies</i>	131
Ten of the larger retail banking networks are active in individual accident insurance	131
Captive entities have some involvement in half of the examples identified	131
<i>Health insurance - individual policies</i>	133
Deutsche Bank and Millennium BCP utilise alternative providers for individual health insurance	133
<i>Accident insurance - group policies</i>	134
Captive underwriters are also used by a number of banks for group accident insurance	134
<i>Health insurance - group policies</i>	135
AXA Seguros collaborates with the Portuguese arms of both Barclays Bank and BBVA	135
Competitor analysis	136
Bank-owned underwriters in Portugal secure more than 60% of total non-life premiums written	136
11.0 SPAIN	138
Introduction to the banking sector	138
The main wave of consolidation in Spanish retail banking has now taken place	138
Many of Spain's savings banks are characterised by an independent, entrepreneurial spirit	138
Caser occupies a unique position in the Spanish bancassurance market.....	138
New entrants may provide fresh bancassurance opportunities.....	139
Specialised lenders and auto captives complete the list of potential non-life insurance partners	139
Market overview	140
Gross premiums written for accident and health insurance in Spain exceed €5 billion in 2005	140
Bancassurance	141
Banking institutions in Spain have made some progress in non-life bancassurance.	141
... and their share of policies distributed may be higher than indicated by the official figures	141
Survey results	141
<i>Accident insurance - individual policies</i>	142
Over half of Spain's banks have developed stand-alone accident insurance policies for consumers.	142
Four retail banking networks collaborate with Mapfre Seguros Generales in this context.....	142
Nine banking institutions underwrite individual accident insurance through captive entities	142
<i>Health insurance - individual policies</i>	144
The partnerships and operating models use frequently differ for individual health insurance. ...	144
... as specialists such as Adeslas, DKV Seguros and Sanitas are also active in bancassurance.....	144
BBVA / Sanitas: the new partnership aims to sign up 100,000 customers in the first three years.....	144
<i>Accident insurance - group policies</i>	146
Over 70% of Spanish banks serving business customers offer group accident insurance. ...	146
... with utilisation of internal brokerage units and multiple partners strongly in evidence.....	146

EUROPEAN NON-LIFE BANCASSURANCE: ACCIDENT AND HEALTH INSURANCE

<i>Health insurance - group policies</i>	148
Business banks in Spain are enthusiastic distributors of group health insurance schemes... ..	148
... with specialist underwriters mounting a challenge to multi-line insurers in the bank channel.....	148
Competitor analysis	150
The majority of non-life bancassurers in Spain are now making significant advances... ..	150
... including Santander Seguros, which almost quadrupled its market share from 2001 to 2005.....	150
12.0 UNITED KINGDOM / IRELAND	153
Introduction to the banking sector	153
Structural changes to the UK retail banking landscape have reached a hiatus	153
New entrants have experienced mixed fortunes	153
At the highest level, the market segments into banks, building societies and specialised lenders	154
Banks demonstrate little homogeneity in their approach towards establishing partnerships.....	154
Building societies gain market share of retail financial services at the expense of banks	154
Specialised lenders are a diverse category... ..	155
... with many belonging ultimately to larger and better-known financial institutions.....	155
In Ireland, the traditional duopoly of AIB and Bank of Ireland has been challenged by new entrants..	155
Market overview	157
Accident and health insurance gross premiums written surge at an annual average of 11.6%	157
Bancassurance	158
Bank-owned distribution is boosted by the captive operations of HBOS and RBoS.....	158
... however, a smaller percentage of customers perceive that they are buying from their bank.....	158
In general, Irish banks display less enthusiasm for non-life bancassurance than those in the UK	158
Survey results	158
<i>Accident insurance - individual policies</i>	159
Few banks offer 'general purpose' accident insurance that is not intrinsically linked to a loan.....	159
... albeit a handful of significant distribution partnerships exist in this field	159
Stonebridge International Insurance: aiming to help partners to grow their share of clients' wallets ...	159
The firm aims to occupy a prominent position in partners' hierarchy of complementary products.....	160
<i>Health insurance - individual policies</i>	162
Banks in the UK and Ireland are also cautious with regards to offering individual health policies.....	162
... albeit the Skipton B.S. possesses its own independent health insurance intermediary.....	162
... and AIB took a 30% stake in Vivas Health in 2004, thereby entering the health insurance sector .	162
<i>Accident insurance - group policies</i>	164
Where offered, group policies are merely an extension of commercial lines bancassurance... ..	164
<i>Health insurance - group policies</i>	165
... a finding that applies to most group health schemes as well as group accident policies.....	165
However, CIGNA has concluded an important link with HSBC to target small businesses.....	165
... making use of its experience of similar bancassurance initiatives elsewhere in the world... ..	165
... and opening up opportunities for new product development	165
Competitor analysis	167
The non-life business of Royal Bank of Scotland saw market share fall in 2004 and 2005	167
