| <b>2.0 REGIONAL OVERVIEW .....</b>   | <b>17</b> |
| Car and LCV data .....   | 17        |
| New car and LCV sales to individuals .....   | 17        |
| <i>Sales of new cars and LCVs rose consistently across the region between 2013 and 2017 .....</i>                    | 17        |
| <i>... and LCVs represent a significant proportion of total vehicle sales to individuals in some countries .....</i> | 17        |
| Used car and LCV sales.....  | 20        |
| <i>Sales of used vehicles have been growing most rapidly in China and the Philippines.....</i>                       | 20        |
| Sales by manufacturer groups .....   | 22        |
| <i>Across the region, Toyota is the leading manufacturer group but even its share of sales is only 13.5%... ..</i>   | 22        |
| <i>... in part as a consequence of the fragmented Chinese market .....</i>   | 22        |
| Survey of automotive dealers and manufacturer brands.....  | 25        |
| Dealer survey results .....  | 25        |
| <i>Virtually all dealers offer finance and leasing products to buyers of new and used vehicles .....</i>             | 25        |
| <i>On average, dealers in the Philippines work with the most finance and leasing providers .....</i>                 | 26        |
| <i>Almost 40% of dealers across the region use both tied and non-tied providers .....</i>                            | 26        |
| <i>Where offered, take-up rates for finance and leasing for new cars exceed 50% in all but one country.....</i>      | 31        |
| <i>...and they rise above 80% in Hong Kong, Malaysia, Taiwan and Thailand .....</i>                                  | 31        |
| <i>Seven out of ten used cars bought through dealers in Indonesia are financed at the point of sale .....</i>        | 31        |
| Types of finance and leasing product offered by dealers.....   | 34        |

## AUTOMOTIVE FINANCE AND LEASING FOR CONSUMERS IN THE ASIA-PACIFIC REGION

|   |           |
|---|-----------|
| <i>Finance and leasing product preferences vary by country</i> .....  | 34        |
| ... <i>with simple loans used most often overall</i> .....  | 34        |
| <i>Several countries feature finance product types that are unique to them alone</i> .....                              | 34        |
| Manufacturer brand survey results .....   | 37        |
| <i>All manufacturer brands in Japan offer finance but very few do so in Hong Kong</i> .....                             | 37        |
| <i>Use of captive finance providers constitutes the most common operating model</i> .....                               | 38        |
| ... <i>and this is especially the case in the largest markets</i> .....   | 38        |
| Market size .....   | 41        |
| <i>Across the 12 countries, around 40 million new contracts were concluded in 2017</i> .....                            | 41        |
| ... <i>with over 20 million in China</i> .....  | 41        |
| ... <i>and within which over 28 million were set up via dealers at the point of sale</i> .....                          | 42        |
| <i>In terms of its total value, the 12-country market was worth around USD 422 billion in 2017</i> .....                | 43        |
| ... <i>over 80% of which was classifiable as point-of-sale finance</i> .....  | 44        |
| <i>The most buoyant segment across the region as a whole has been point-of-sale finance for used cars</i> .....         | 46        |
| ... <i>while direct finance for new vehicles has fallen slightly in terms of both volume and value</i> .....            | 47        |
| ... <i>causing point-of-sale finance to become more important within the total</i> .....                                | 48        |
| Competitor dynamics .....   | 50        |
| <i>The top 15 finance providers together claim an implied share of over 60%</i> .....                                   | 50        |
| ... <i>and nine of them are China-based banks or manufacturer groups</i> .....  | 50        |
| <i>Toyota group operates captive or joint venture finance providers ten of the 12 countries</i> .....                   | 50        |
| <b>3.0 CHINA</b> .....  | <b>52</b> |
| Introduction .....  | 52        |
| Car and LCV data .....  | 52        |
| <i>Sales of new passenger car sales continue to boom</i> .....  | 52        |
| ... <i>but the market for LCVs appears to be mature</i> .....   | 52        |
| <i>Volkswagen leads a very fragmented market followed by Buick, Honda and Changan</i> .....                             | 54        |
| Consumer automotive finance and leasing market.....   | 55        |
| Market size and growth .....  | 55        |
| <i>The growth of point-of-sale finance in China has consigned direct finance to the periphery</i> .....                 | 55        |
| <i>The value of point-of-sale finance for used cars grew most rapidly between 2013 and 2017</i> .....                   | 57        |
| Types of finance and leasing product.....   | 59        |
| <i>Simple loans dominate point-of-sale finance although alternative products seem to be gaining in importance</i> ..... | 59        |
| Survey of automotive dealers and manufacturer brands.....   | 60        |
| Dealer survey results .....   | 60        |
| <i>Non-tied providers have enjoyed more frequent utilisation among dealers in recent years</i> .....                    | 60        |
| ... <i>with Ping An Bank and China Construction Bank benefiting the most from this trend</i> .....                      | 60        |
| ... <i>in a relatively fragmented market</i> .....  | 60        |
| Manufacturer brand survey results .....   | 62        |
| <i>Competition for manufacturer brand partnerships is also spread across numerous aspiring providers</i> .....          | 62        |
| ... <i>with China Construction Bank again to the fore</i> .....   | 62        |
| ... <i>followed by SAIC-GMAC Automotive Finance and ICBC</i> .....  | 62        |
| Combined analysis of results .....  | 64        |
| <i>The top six competitors are likely to account for around a half of the total market</i> .....                        | 64        |
| <b>4.0 HONG KONG</b> .....  | <b>65</b> |
| Introduction .....  | 65        |
| Car and LCV data .....  | 65        |
| <i>Sales of both new and used vehicles in Hong Kong contracted sharply in 2016</i> .....                                | 65        |
| ... <i>as a result of higher taxes designed to control growth in vehicle usage</i> .....                                | 65        |
| <i>Toyota group's share of new vehicle sales is more than twice that of its closest rival</i> .....                     | 67        |
| Consumer automotive finance and leasing market.....   | 68        |
| Market size and growth .....  | 68        |
| <i>Over 60% of new and used vehicles combined are acquired with some form of finance</i> .....                          | 68        |

## AUTOMOTIVE FINANCE AND LEASING FOR CONSUMERS IN THE ASIA-PACIFIC REGION

|   |           |
|---|-----------|
| <i>The value of the vehicle finance market peaked in 2017 after a poor 2016.....</i>                                | 70        |
| Types of finance and leasing product.....   | 72        |
| <i>Most point-of-sale finance takes the form of simple loans with no option to return the vehicle.....</i>          | 72        |
| Survey of automotive dealers and manufacturer brands.....   | 73        |
| <i>Dealer survey results.....</i>   | 73        |
| <i>HSBC and OCBC are the dominant providers of finance and leasing to dealers.....</i>                              | 73        |
| Manufacturer brand survey results.....  | 73        |
| <i>...and few manufacturer brands have accredited providers of finance and leasing... ..</i>                        | 73        |
| Combined analysis of results.....   | 76        |
| <i>... meaning that the combined market is a particularly concentrated one.....</i>                                 | 76        |
| <b>5.0 INDIA.....</b>   | <b>77</b> |
| Introduction.....   | 77        |
| Car and LCV data.....   | 77        |
| <i>Sales of used cars and LCVs have outpaced those of new vehicles.....</i>   | 77        |
| <i>Maruti Suzuki accounts for almost a half of sales of new vehicles in its domestic market.....</i>                | 79        |
| Consumer automotive finance and leasing market.....   | 80        |
| Market size and growth.....   | 80        |
| <i>Point-of-sale finance has increased its share rapidly in comparison to other types of finance.....</i>           | 80        |
| <i>... with this trend apparent for both new and used vehicles.....</i>   | 82        |
| Types of finance and leasing product.....   | 84        |
| <i>Two types of contract dominate the Indian point-of-sale finance market.....</i>                                  | 84        |
| Survey of automotive dealers and manufacturer brands.....   | 85        |
| <i>Dealer survey results.....</i>   | 85        |
| <i>In a highly fragmented market, only two finance providers claim more than 10% of non-tied partnerships... ..</i> | 85        |
| <i>...with over 20 competitors sharing the rest of these partnerships between them.....</i>                         | 85        |
| <i>Kotak Mahindra Prime generated a pre-tax profit of INR 7.52 billion for the year ending March 2017.....</i>      | 85        |
| Manufacturer brand survey results.....  | 87        |
| <i>Numerous finance providers also compete for relationships with manufacturer brands (or their importers).....</i> | 87        |
| <i>...with Axis Bank, HDFC Bank, ICICI Bank and State Bank of India most influential in this context.....</i>       | 87        |
| Combined analysis of results.....   | 89        |
| <i>These providers are also prominent in the combined analysis of partnerships.....</i>                             | 89        |
| <b>6.0 INDONESIA.....</b>   | <b>90</b> |
| Introduction.....   | 90        |
| Car and LCV data.....   | 90        |
| <i>Sales of used vehicles have risen strongly while those of new vehicles have faltered.....</i>                    | 90        |
| <i>Toyota group accounts for more than 50% of sales of new vehicles in Indonesia.....</i>                           | 92        |
| Consumer automotive finance and leasing market.....   | 93        |
| Market size and growth.....   | 93        |
| <i>Rising take-up rates have caused the volume of vehicle finance contracts to rise.....</i>                        | 93        |
| <i>... and this trend is even more apparent when expressed in terms of finance contract values.....</i>             | 95        |
| Types of finance and leasing product.....   | 97        |
| <i>One product type accounts for virtually all finance contracts taken out by individual customers.....</i>         | 97        |
| Survey of automotive dealers and manufacturer brands.....   | 98        |
| <i>Dealer survey results.....</i>   | 98        |
| <i>BCA Finance and Oto Multiartha are most prominent among non-tied finance providers.....</i>                      | 98        |
| Manufacturer brand survey results.....  | 100       |
| <i>Toyota Astra Financial Services is the leading tied provider thanks to its use by three brands... ..</i>         | 100       |
| <i>... and is followed in that context by Mitsui Leasing.....</i>   | 100       |
| Combined analysis of results.....   | 102       |
| <i>Four providers are likely to account for close to a half of all point-of-sale finance contracts.....</i>         | 102       |
| <i>... although the market fragments rapidly thereafter.....</i>  | 102       |

|   |            |
|---|------------|
| <b>7.0 JAPAN</b> .....  | <b>104</b> |
| Introduction .....  | 104        |
| Car and LCV data .....  | 104        |
| <i>Annual new and used vehicle sales volumes have remained quite stable in recent years</i> .....                 | 104        |
| <i>The Toyota and Honda groups together account for over 50% of vehicle sales</i> .....                           | 106        |
| Consumer automotive finance and leasing market.....   | 107        |
| Market size and growth .....  | 107        |
| <i>The segmentation of the automotive finance market changed little between 2013 and 2017</i> .....               | 107        |
| ... <i>whether measured in terms of its volume or value</i> .....   | 109        |
| Types of finance and leasing product.....   | 111        |
| <i>Loans (simple and complex) make up the vast majority of the point-of-sale finance market</i> .....             | 111        |
